## ABOUT APRIL...

In the initial Roman calendar, April was the second month of the year until January & February were added in 700 BC. It is thought that the name April comes from the Latin word "to open" & describes the trees opening at springtime.

## APRIL IS...

- World Autism Month

## EMPLOYEE SPOTLIGHT

At the end of February, we had the honor of celebrating Brad and his remarkable 45-year career in the automotive industry! As an ASE Master Certified Technician, Brad has been a trusted expert throughout the Tri-State area and an invaluable part of our team for the past seven years.

To show our appreciation, we gathered for a fantastic lunch from The Rooster's Den, followed by a well-deserved sweet treat. But no meal or celebration could truly capture the gratitude we feel for Brad's hard work, dedication, and the impact he's had on all of us.

Brad, we will miss your expertise, camaraderie, and commitment to excellence, but we couldn't be happier for you as you step into this exciting new chapter. He welcomed a new granddaughter the same week. We know he will be busy! Please join us in wishing him a happy and fulfilling retirement!

## MANAGER'S MINUTE

April is National Car Care Month, a reminder that routine maintenance is key to keeping your vehicle safe, efficient, and reliable. After months of winter weather and road conditions, now is the perfect time to give your car the attention it deserves.

At Larry's Automotive, we're committed to helping you keep your vehicle in top shape. Regular check-ups not only prevent costly repairs but also improve fuel efficiency, extend your car's lifespan, and ensure a smooth ride.

### Key Areas to Check This Month:

- Oil & Fluid Levels – Keep your engine running smoothly with fresh oil and proper fluid levels.
- Brakes & Tires – Ensure your brakes are responsive and your tires have the right tread and pressure.
- Battery & Lights – Avoid unexpected breakdowns by checking your battery life and ensuring all lights work properly.
- Wipers & Air Filters – Improve visibility and air quality inside your vehicle.

### Special National Car Care Month Offers!

To celebrate, we're offering exclusive deals on essential maintenance services throughout April. Whether it's a free multi-point inspection, discounted oil changes, or tire specials, we've got you covered.

Schedule your service today and drive with confidence all season long!

Let's keep your car running like new!

Larry & Kara

## THANKS FOR THE KIND WORDS!

"The best auto service in town. We take all our vehicles to Larry's because we trust them and they always treat us great." - Steven A.

"I made an appointment to have the oil changed in my Hyundai Tucson. The service was very good and they were fast and efficient. There was a vehicle inspection done by the mechanic on this car that was very thorough and I didn't know they were going to do this inspection. I was told they do this as a routine operation and I really like knowing the condition of my vehicles. They send you the findings of this report that are easy to understand. They list the findings as prioritizing the safety of the vehicle. It's your decision to make repairs. If you're a person who doesn't do the maintenance on your own vehicle you may want to give Larry's a try." - Samuel S.

"Exceptional service department and front desk. They will get you back on the road quickly. I highly recommend if you need repairs." - Lysle T.

## Peanut Butter Easter Eggs

• Prep Time: 1 hr 35 mins • Total Time: 1 hr 35 mins • Servings: 20

### Ingredients

- 2 cups creamy peanut butter
- 3 cups crispy rice cereal
- 2 tablespoons shortening
- ¾ cup butter
- 1 (12 ounce) package semisweet chocolate chips
- 3 ½ cups confectioners' sugar

### Directions

1. Combine peanut butter and butter in a mixing bowl until smooth; stir in confectioners' sugar and crisp rice cereal until a dough is formed.
2. Refrigerate the mixture for about 1 hour to allow it to be easier to work with.
3. Shape mixture into egg shapes and freeze for 20 minutes.
4. Melt chocolate chips and shortening in a double boiler over low heat until smooth; dip egg shapes into chocolate.
5. Place on waxed paper and allow to cool.

## THE WARNING SIGNS OF WORN SHOCKS & STRUTS

While many variables determine the life of your shocks or struts (**Hello, Potholes!**), experiencing any of these symptoms means it's time for replacement.

1. Instability at highway speeds. Your vehicle never feels completely stable on the highway and is constantly moving up and down. The movement may be slight, but you notice it.
2. Vehicle "tips" to one side in turns. When taking a sharp turn or an off-ramp, your vehicle leans or "tips" to the outside of the turn and feels wobbly.
3. The front end dives more than expected during hard braking. You may not notice this until you have to jump hard on the brakes.
4. Rear-end squats during acceleration. You'll notice the front end of your vehicle rising while the rear "squats" during hard acceleration.
5. Tires bouncing excessively. After hitting a bump, you can feel a tire (or tires) reacting or "bouncing" for a time. You may also hear a clunking noise.
6. Unusual tire wear. Because the tire isn't being held firmly to the road, the tread wears in a wavy manner instead of evenly.
7. Leaking fluid on the exterior of shocks or struts. This is a sign that the seals have broken and the internal fluids essential to proper function are escaping.

Make sure you buy quality, brand-name shocks or struts. Discuss your options with your auto professional before deciding. It's also important to ask about replacing all of the worn parts connected to the struts. Don't be penny wise and dollar foolish. You should replace other worn items associated with the struts, like bearing mounts, rubber bump stops and shock boots.

## You Deserve a Tax Break

DURING THE ENTIRE MONTH OF APRIL  
BRING THIS COUPON IN & RECEIVE:

**\$10 off over \$100**
