## MANAGER'S MINUTE

August is here and Back to School is top of mind. Many of us have college students that will be driving their vehicles out of town or even to a different state. We want to make sure they have the knowledge needed to keep their vehicles in safe, running order. I want to share a few topics for you to discuss with your college-bound students. We have a special gift for all student drivers at the shop. Stop by to get a free tire pressure gauge to keep in your glovebox.

1. Change the oil/filter every 5,000 miles. Learn how to check your oil level on the dipstick. If your vehicle uses oil, keep it topped off.
2. Check & fill tire pressure. Learn how to check & keep your tire pressure at the recommended level per the label on the driver's door.
3. Check engine light comes on. If it is flashing—stop driving and get it to a professional immediately. If it is solid—make an appointment at your convenience and have it diagnosed.
4. Know your vehicle. If something sounds different or a new light comes on the dash, get it looked at by a professional. If you wait on getting service when something is wrong, a small repair can turn into a large one.

All of us at Larry's Automotive want to wish all the students good luck with the upcoming school year. Remember to stop by the shop for your free tire gauge. We will even teach them how to use it if needed.

## THANKS FOR THE KIND WORDS!

"Larry's Automotive is a family business I can count on!! I trust them completely with my car! I can get in quickly. Nice place to wait. I even get updates on my phone while I wait. Through the years I've used a couple other car maintenance garages. Nothing like Larry's for a complete and honest opinion. No more changes. They have been my garage of choice for several years. I'm there to stay!"  
—Libby A.

"Absolutely love it here—always take excellent care of me and my vehicles! Quick to get appts, great inspections, and upfront with costs! Honest, extremely friendly (Nick has definitely gone above and beyond for me), and reliable. Great service! HIGHLY RECOMMEND!" —Jodi H.

"I always get top-notch service at Larry's... very professional and knowledgeable. They also provide timely availability dates when I call for an appointment. Highly recommend." —Chris M.

"Larry's has been my go-to mechanic for about 7 years at this point, and I have yet to be disappointed with any of my experiences—whether it be routine maintenance or unforeseen repairs. My wife, my kids, and I have always gotten quality work done in a timely manner with a smile." —Jason.
