SEPTEMBER 2026 CLIENT NEWSLETTER

MANAGER'S MINUTE

It's hard to believe September is already here. As summer comes to an end and everyone settles back into school, work, and fall routines, we hope everyone is settling into a great fall season.

Many of you spent August getting the kids ready for school. As life begins to slow down a little, don't forget to give your vehicle a little attention too. A little preventive maintenance now can go a long way toward keeping you safely on the road.

More than anything, we simply want to say thank you. Every time you choose Larry's Automotive, you're supporting a local family, our employees, and their families. We know you have many choices when it comes to automotive repair, and we never take your trust for granted. It's because of loyal customers like you that we've been able to continue doing what we love and serving this wonderful community.

We'd also like to congratulate our Service Advisor, Jama, on earning her ASE Service Consultant Certification last month! She is constantly learning and investing in her profession so she can better serve our customers. We're incredibly proud of her accomplishment and grateful to have her as part of our team.

Before we close, we have a little teaser... Be sure to open next month's newsletter! We'll be sharing some exciting news about a very special honor our shop recently received. It's one of the proudest moments in our company's history, and we can't wait to celebrate it with you. We couldn't have earned this recognition without our amazing team—and without customers like you.

Thank you for being part of the Larry's Automotive family. We truly appreciate your continued support and look forward to seeing you soon.

— Larry & Kara

SEPTEMBER MAINTENANCE TIPS

1. **Check Your Tires:** As temperatures drop, tire pressure can decrease. Ensure your tires are properly inflated and check for any signs of wear.
2. **Fluid Levels:** Check your engine oil, coolant, brake fluid, and windshield wiper fluid. Maintaining proper levels is crucial for your vehicle's performance.
3. **Battery Check:** Cold weather can be tough on batteries. Have yours tested to avoid any surprises as the temperatures drop.
4. **Wiper Blades:** With rainy autumn days ahead, ensure your wiper blades are in good condition for clear visibility.

Thank you for trusting us with your vehicle.
We look forward to serving you this September!
