\$79.99*

*Most vehicles. Includes up to 5-qts of Oil. Plus tax & shop supplies.
Call or Stop In for Details. Expires 10/31/2025

OCTOBER 2025 CLIENT NEWSLETTER

MANAGER'S MINUTE

Dear Friends,

What an amazing day we had at our Cruise-In this past Sunday! I was blown away by the turnout—over 200 cars registered—and by the excitement and support from our community. Seeing all the beautiful vehicles lined up, families enjoying the day, and neighbors catching up reminded me just how special these events really are.

I want to take a moment to personally thank everyone who helped make the day possible. Our sponsors and employees worked hard behind the scenes to keep everything running smoothly, and I couldn't be more grateful for their dedication. A big thank you also goes to the ACE of Clubs for stepping up to lead parking and event flow. Their teamwork kept things organized so everyone could just relax and enjoy themselves.

But what makes me the proudest is what we were able to accomplish together. Thanks to your support, we raised \$3,000 for the Newburgh Police Department and the Ohio Township Fire Department. These men and women serve our community every single day, and being able to give back to them means the world to me.

Looking back, I realize it wasn't just about the cars or even the money raised—it was about the sense of community we all felt that day. That's what makes events like this so worthwhile. I'm thankful to live and work in a place where people show up for each other the way you all do.

From the bottom of my heart, thank you for being part of this event and for continuing to support us. I'm already looking forward to the next time we can all come together.

Larry & Kara

THANKS FOR THE KIND WORDS!

"I am impressed with Larry's Automotive. The work that I needed to have done was not something they specialize in. It was exhaust work on my truck. The company they recommended did an excellent job. I appreciate the manner in which they dealt with me." -Jerry S.

"Larry's Automotive team was professional and polite from the time call for repair was taken till the repair was completed and I picked up my vehicle!" -Edward M.

"Love Larry's Automotive! They are keeping my 2002 car going strong!" -Kelle R.

"With the new tires & alignment, the vehicle drives so much better on the highway!" -Carfax

"They were quick to get me an appointment, diagnose and fix my issue! Very pleased with them!" -Katherine E.

OCTOBER IS NATIONAL PORK MONTH!

PORK CHOPS IN GARLIC MUSHROOM SAUCE

Prep Time: 10 mins · Cook Time: 20 mins · Total Time: 30 mins · Servings: 8

INGREDIENTS

• 2 pounds boneless pork chops	• 1/4 cup butter, divided	
• 1/2 teaspoon paprika	• 1 (8 ounce) package sliced fresh mushrooms	• 1 teaspoon Dijon mustard
• kosher salt and ground black pepper to taste	• 4 cloves garlic, minced	• 2 tablespoons all-purpose flour
		• 2 cups beef broth

DIRECTIONS

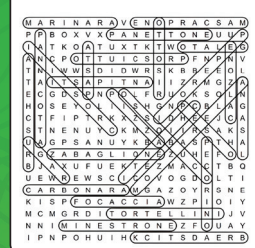

1. Gather all ingredients.	mustard; cook until garlic is fragrant, about 1 minute.
2. Season both sides of pork chops with paprika, salt, and pepper.	5. Add flour to the skillet, stirring to remove any lumps. Slowly add beef broth, whisking until incorporated. Season with salt and pepper. Reduce heat to medium and simmer, stirring often, until sauce thickens, about 5 minutes. Check for seasoning again.
3. Heat a large skillet over medium-high heat; add 2 tablespoons butter. Sear pork chops until golden brown and no longer pink in the center, 2 to 4 minutes per side. Remove pork chops from the skillet and set aside.	6. Add pork chops to simmer in the mushroom gravy.
4. Melt remaining butter in the same skillet over medium-high heat. Add mushrooms and cook until golden and excess moisture evaporates, about 5 minutes. Add garlic and	7. Enjoy!

THANK YOU, TEACHERS!

World Teachers' Day is celebrated annually on October 5. This is a day to honor teachers & teacher organizations, as well as the vital contributions they make to the education & development of our future leaders. More than 100 different countries observe this holiday. Thank a teacher today... use #WorldTeachersDay and recognize your favorite teacher!

OCTOBER IS NATIONAL FALL CAR CARE MONTH!

The last thing any driver needs is a vehicle that breaks down in inclement weather. Here's a helpful checklist to inspect your vehicles before the temperatures drop and severe weather hits.

HEATING, WIPERS & LIGHTS

- Make sure heaters, defrosters and wipers work properly.
- Consider winter wiper blades and use cold-weather washer fluid. As a general rule, wiper blades should be replaced every six months.
- Check to see that all exterior and interior lights work and headlights are properly aimed.

TIRES & BRAKES

- Check the tire tread depth and tire pressure of all tires, including the spare. If snow and ice are a problem in your area, consider special tires designed to grip slick roads.
- During winter, tire pressure should be checked weekly.
- Have the brakes checked. The braking system is the vehicle's most important safety item.

GAS, OIL & FILTERS

- Keep your gas tank at least half full throughout the cold weather to prevent moisture from forming in gas lines and possibly freezing.
- Be diligent about changing the oil and filter at recommended intervals. Dirty oil can spell trouble in winter. Consider changing to "winter weight" oil if you live in a cold climate.
- Check the fuel, air and transmission filters at the same time.

SYSTEM CHECKS – CHARGING, COOLING & EXHAUST

- Have the battery and charging system checked, as cold weather is hard on batteries.
- Clean, flush and put new antifreeze in the cooling system. As a rule of thumb, this should be done every two years.
- Have the exhaust system checked for carbon monoxide leaks, which can be especially dangerous during cold-weather driving when windows are closed.

PACK THE ESSENTIALS

- Make sure that your ice scraper and snow brush are accessible and ready to use if you live in a cold climate.
- Stock an emergency kit with jumper cables, a flashlight, blankets, extra clothes, bottled water, nonperishable food and a first aid kit with any needed medication.

Whether you perform the inspection and maintenance yourself or go to a trusted repair shop, it's a small investment of time and money to help avoid the cost and hassle of a breakdown during the cold winter months ahead.
