Dear Parents, Visitors and Pupils

Welcome to Sutherland High School where winning is an attitude and journey towards self-improvement.

We encourage sportsmanship and camaraderie between players and coaches and respect all people young and old. The enjoyment of participation and excellence achieved by hard work are values we hold dear.

We hope you enjoy the day and end it with friendly and cheerful thoughts.

“Honour Before Victory”

Yours sincerely

Mr A VAN DER MERWE

SUTHERLAND HIGH SCHOOL LIGHTNING POLICY

1. **Purpose:** To provide staff, students, parents, contractors, and visitors to the campus with accurate information regarding the status of a prevailing storm, and to give them sufficient warning to be able to take shelter.
2. **System:** The School has installed a lightning detector system that is operational between 06:00 and 22:00 during athletic season and 06:00 and 21:00 in term 2 and Ad Astro practices under light.
3. A Weather Intelligent Systems Portal is installed on campus. It warns of *actual lightning activity* within a 15km radius of the School from data provided by the South African Weather Service. It operates on an automatic warning system.
4. The alarm will be set off should lightning be detected in the 15km radius.
5. **Procedures to follow:**
 - 5.1 When the siren signals once (30 second siren) it indicates that there is imminent danger from lightning.
 - 5.2 In the event of the siren signaling once: All persons outdoors on the campus are to seek shelter immediately.
 - 5.3 Only school buildings (constructed of bricks) are considered to be a suitable shelter.
 - 5.4 Metal upright poles should never be touched during a storm.

PLEASE NOTE: OUR SCHOOL IS A NO CASH, NO SMOKING AND NO ALCOHOL ZONE

6. All sports activities taking place in any external venue (fields, swimming pools, etc.) are to be stopped immediately and all players, sports officials and spectators are required to seek appropriate shelter. Failure to comply with this requirement by any employee, visitor or registered learner of Sutherland high School may result in disciplinary action.
7. Any competitive game so stopped by the threat of lightning shall be considered a game suspended due to poor weather.
8. Any external agencies using any School facilities will be informed of this policy by the school employee involved in arranging the use of the facilities. Failure to inform such an external agency by the employee will be considered in a serious light.
9. The siren will signal twice (two short 15 second sirens) indicating that all is clear for the time being and that external activities may resume.
10. It is understood that lightning is an Act of God, and while the school has taken these measures to minimize the risk of lightning damage or injury, no guarantees against injury or damage can be given and accordingly the school can carry no liability whatsoever should any person be injured, or property be damaged due to a lightning strike.
