Jasper Old Home Day

This year Jasper will celebrate our Country's 250th year of independence during it's Old Home Day activities on July 4th.

As a part of the celebration, Jasper would like to recognize the importance of rural life in America. Because rural America runs on trucks and tractors we will be highlighting them in the parade. There will be a truck and tractor show following the parade with associated engaging activities. Much more information to follow.

We are also asking for Citizen of the Year nominations. Nominations can be sent to Jasper Auxiliary, PO Box 10, Jasper NY 14855 or can be hand delivered to the Jasper Junction in a sealed envelope.

LibraryWise: News and Notes from the Greenwood Reading Center

Hello Friends, have those April Showers got you down? Our GRC Coffee Bar can perk you right up! (Okay, that joke only hits if you can remember watching the amber liquid spurt up into the clear knob on top of the coffee maker.) The Coffee Bar is becoming quite popular; come and enjoy a hot (or not!) beverage and a sweet treat along with friends. We have coffees, various herbal teas, cocoa, and Hawaiian punch along with anything you need to spruce up your drink. You never know what's going on when you get here; sometimes a card or board game, sometimes just some good old-fashioned visiting if we don't have a special guest lined up! Want to BE that 'special guest' with something interesting to present? Feel free to contact us and set up a date!

Speaking of dates, we have some important ones coming up this month! On April 22 at the school board meeting, we will be submitting our budget proposition language in conjunction with the Wimodaughsian Library for the upcoming vote. This is the next step in securing our funding for next year, which is important because that funding allows us to continue and increase all of the services that we provide to our community, our school district, free of charge. The other important date is Thursday, April 23. What day is that? Mystery Meal day; come and make sun catchers with us after a fun potluck luncheon!

Have you ever heard of a Library of Things? This is a collection of not-so-everyday items that can be borrowed from a local library that offers it. From puzzles and games to electronics, specialty bakeware or craft items and tools, when a special project has you needing to borrow something specific, a Library of Things can help. What would you like to see in a collection like that?

FAQs: Our hours are Monday and Tuesday 2:00-7:00pm, Wednesday and Friday 12:00pm to 5:00pm. GRC Coffee Bar is on Mondays and Tuesdays from 5:00-7:00. We have free internet use via Wi-Fi or public-use computers, fax capabilities and can make copies for a small charge. Yes, you can find us on Facebook! Contact us at (607) 225-4553 or greenwoodreadingcenter@gmail.com. Visit us on the web at: greenwood.stls.org

James W. "Jim" Deming

James W. "Jim" Deming, age 87, passed away peacefully on April 7, 2026, at his home, with his loving wife by his side.

Born on February 20, 1939, in Elmira, New York, he was the son of the late Riley Edward Deming and Bessie B. (Ball) Thornburg.

Jim attended Williamson High School before enlisting in the United States Navy, where he served his country from 1957 to 1960. Following his military service, he began a long and dedicated career as a mechanic with Dresser-Rand, retiring in 1998 with 41 years of service.

Jim was a devoted husband, father, and grandfather who found joy in life's simple pleasures. He loved spending time outdoors, especially mowing the lawn, caring for his tractors and watching the birds. His garage was his sanctuary, where he could often be found tinkering and working with his hands. He also enjoyed playing cards, traveling, and camping with his wife after retirement. Winters were happily spent in Florida, where he cherished time with family and soaking up the sunshine.

Jim is survived by his beloved wife, Phyllis Deming of Lindley; his children, Bill (Mary) Deming of Lindley, NY, and Susan (Anthony) George of Oviedo, FL; his grandchildren, Heather (Nate) Dunning, Courtney (Matt) Dunning, Alexis (Nick) Price, Anthony (Karley) George, and Chris (Amber) Card; and his great-grandchildren, Jackson and Jake Dunning, Beau and Kennedy Dunning, Sam Price, and Christopher and Emily Card. He is also survived by his sisters, Donna Brown, Mary (Roger) Wilcox, and Dawn (Gary) Comfort; his brother, Jack Deming; and many nieces and nephews.

In addition to his parents, Jim was predeceased by his stepmother, Fern Deming; his brothers, Pudge and Butch Deming; and brother-in-law, Stanley Brown.

Family and friends have gathered for a memorial service on Sunday, April 12, 2026, with Pastor George Coon officiating at Flint Funeral Home, 10 Wall Street, Addison, NY.

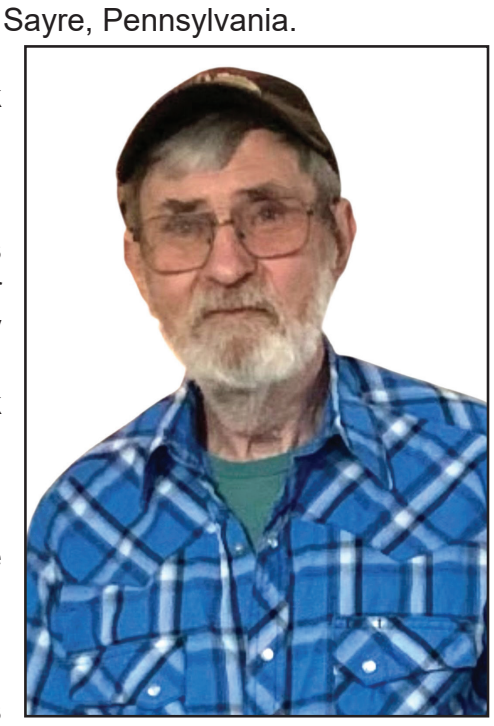

In lieu of flowers, memorial donations in Jim's name may be made to CareFirst, 3805 Meads Creek Road, Painted Post, NY 14870.

What Kind of Soil Are You?

Submitted by Sharon Calkins

(4/16/26) In Luke 8, Jesus tells of 4 seeds falling on 4 different soils. He said the seed is the word of God. The 1st seed is heard but the devil comes and takes the seed from the people's hearts. The 2nd seed falls on the rocky soil and doesn't grow because it has no roots. The 3rd seed falls among thorns where the Word is heard but everyday thoughts get in the way and it gets choked out. The 4th and last seed falls on good soil. It is heard , retained and it produces a good crop. What kind of soil are you? We should strive to hear it and then use it to further God's kingdom.

Elwood E. "Woody" E. Blanc

Elwood E. "Woody" Blanc, 69, of Cty. Rte. 21 passed away April 3, 2026 at his home following a brief illness.

Elwood, who was better known as "Woody" was born June 3, 1956 in Canton, Ohio to the late Elwood E. Blanc, Sr. and Beulah Kovac. He and his wife, the former Carol Barkley, moved to the Rathbone area in 1984 where he was a self -employed contractor in the area for several years.

Everywhere Woody went, was filled with laughs and sometimes, heated discussions on worldly events or just life in general. No matter how the discussions went, they always ended with a smoke and a good laugh. Woody was very passionate about his family and how he wanted to live his life, no matter the ridicule or whispers around town about what was happening around his place.

He is survived by his wife Carol Blanc of Rathbone, sisters Georgeann and Marina, sons, Micah Blanc (Michaelia Townsend) of Addison, Elwood E. (Jessica) Blanc, III of Pacolet, SC, daughters, Sheleen (Frank) Buchanan of Florida, Jolene Blanc (Richard Towery) of Spartanburg, SC and Fauna (Zackery) Gardiner of Mitchellsville, 15 grandchildren, and 3 great grandchildren.

In addition to his parents, Woody was predeceased by a sister Theresa Armstrong and a brother Manuel Fontes.

There will be no calling hours or service. Burial will be at the convenience of the family.

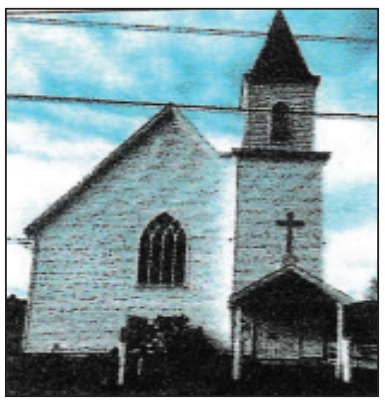

Arrangements are in care of the H.P. Smith & Son, Inc. Funeral Home in Canisteo.

From Addison to Harvard: MidKnight and Squire Productions Present *Legally Blonde*

This year's musical went very well. Rehearsals started in December, going up to 3 hours a night and 4 days a week. Many familiar faces were seen among the cast, while welcoming a few first-time performers to the stage as well. All the students and staff put an enormous amount of effort and dedication into this year's musical. Sunday's performance had a very sentimental and emotional ending this year because some of the graduating seniors have been in many productions through the years. The seven seniors that did their very last high school show were: Kaylee Keech, Lyvia Ferry, Joey Brewster, Seth Specht, Josiah Clark, Lilian Zheng, and Katelyn Akins. The cast would like to thank Ms. Hamblin (Director), Mr. Richardson (Assistant Director), Mrs. Vroman (Musical and Lighting/Sound Director), Mr. Sisson (Stage designer) and Ms. Elly Vroman (Choreography) for all their time, dedication and attention to detail. A special shout-out goes to Mr. O'Brian, Mr. DeRycke and Mr. Cansdale for making cameo appearances as Harvard professors in the show. Mrs. Clark and Mrs. O'Brian also volunteered many hours to help the show come together. Thank you to everyone that came to see the show and we hope to see you all at the next performance in the spring.

STEAM Night at Tuscarora

Tuscarora proudly hosted its annual Art Show and Family STEAM Night, a fun-filled event for the whole family. Every student had their artwork displayed throughout the hallways, turning the school into a gallery to celebrate their creativity. Students also got to explore exciting STEAM activities all around the building.

This year, Tuscarora students created static electricity butterflies, built and tested boats made from popsicle sticks and tape to see if they would float, designed paper airplanes to find out which could fly the farthest, experimented with milk, food coloring, and soap, made colorful kaleidoscopes, mixed up slime, and even experienced a planetarium. The Tuscarora PTA and the Addison Teachers Association provided food for everyone, and delicious cookies were generously donated by Lou Ann's Diner. It was truly a night full of creativity, discovery, and fun!

Valley Early Childhood School

The Valley students learned about the letters R and S recently. For the letter R, they did a rainbow craft and for the letter S, they did a soap craft. The four-year-old classes watched a movie: *The Pout Pout Fish.* They had popcorn and water and then had lunch and cupcakes. The 4-year-old classrooms also had science and discovery. Ms. Cynthis brought magnets. They had to guess what was magnetic and then they were able to test it for themselves. The 3-year-old classrooms had KKI with Mrs. Wright. One of the friends brought in their pet snake to show the kids and they all got to play in the bounce house.

During the week of St. Patrick's Day, Valley students got to do St. Patrick's Day crafts and Mrs. Wright talked about Leo, the Leprechaun, that hasn't been caught for the past couple years. Two leprechauns visited the building and they brought each child a pot of gold chocolate coins. One of them read "The Night Before St. Patrick's Day" book. Students also had dental checks and eye visits through Lions Club Vision Screenings.

High School Art Students Create Beautiful Sculptures

Addison High School sculpture students in Mrs. Dubois' class had a project to make a realistic sculpture of a familiar everyday object of their choice out of newspaper, cardboard and hot glue using various cardboard attachment methods to construct their sculpture. Some of the cardboard attachment methods the students used were flanges, L-braces, slots, tabs, brass fasteners, and hole punch with wire. First, they learned about two famous sculptors-Claes Oldenburg and Bartek Elsner. Oldenburg was a Pop artist who was famous for his soft sculptures and oversized monuments to everyday objects. Elsner used simple materials like cardboard and glue to create elaborate sculptures, both big and small, out of the cheap cardboard that we routinely throw out. Students made many different sculptures and they turned out amazing. The projects were created by: Brittany Bills (Alani Energy Drink-Strawberry Sunrise), Luxe Dewert (Cheez-It bag), Olivia O'Brian (Titanic), Emma Burgess (Snail), Braelynn Howard (Bloom Energy Drink), Keyona Smith (Turtle), Adrienn Easton (Hair Clip), Katherine Conklin (Alani Energy Drink-Cotton Candy). The project was fun and creative.

Senior Faculty Day

Addison High School seniors participated in senior faculty day on Friday March 20th. Seniors picked a faculty member to switch roles with for the day. Some students taught multiple grade levels as well as middle and high school students. There were diverse roles represented, such as Mrs. Clark, the high school principal, Mr. Driskell, the high school dean, and Mr. Newell, the middle school dean. This was a fun experience where students truly got to experience what is like to "walk in the shoes" of their teachers and administrators.

Career Development Center Brings Mad City Money to Addison High School

All seniors participated in mad city money, a two-hour long activity where students learned about the real world. Two seniors paired together creating "one household." Each pair received a different packet that showed their budget, how many kids they have, realistic/usable checks and an overview of their "bank." There were nine different stations including: a grocery store, car dealership, credit union, kids' stuff, housing, "my closet", travel agency and a mall. The students were to check in at every station and work around their budgets. Similar to the game of "Life", students chose a career title, with a given salary, a spouse, maybe a child, and definitely debt.

Mad City Money gives students a fun way to learn about the real-world and must-need skills of managing money. Merchants enjoy interacting with students and helping them have a realistic experience of managing a household budget in a safe and fun environment.

Not That You Asked..But Here's My Opinion Anyway Re: Dissolution of The Village of Addison

Continued From Last Week

I wasn't raised to sugar coat anything so I will just say that to me the dissolution of this village would be negative. Plain and simple. Sure, I would save some in property taxes...a bottle of soda was my interpretation from that meeting. However, where I cannot budge, the hard line if you will, is losing our police force. Say what you will about them (and some people sure do), they are doing a job that I would dare say most of us wouldn't want to. More importantly to me is losing our SRO (school resource officer).

As a parent of a child in middle school and soon, high school, I am more comfortable sending her to school each day because of Officer Fuerst's presence there. What people need to understand is that the Sheriff's office would become responsible for replacing our current SRO and they can't even fill their positions there, so let's be honest the likelihood of us getting an SRO is slim. It would be up to the Sheriff's office to patrol the village as well. As someone who had the APD show up within minutes of someone under the influence of drugs entering my home and resolve the scary situation we were in, I can only be forever grateful for them. If I had had to wait for the Sheriff's office, not because they're not good at their job, but because of distance, the situation could have ended very differently.

Other considerations to think about when it comes to dissolution is that the Town would become responsible for either keeping our current DPW workers or letting them go. They would have the right to sell off any village property they wish and it was announced at the Dissolution meeting that they will be selling the Village Hall. The Town would have many choices to make and it would be entirely theirs to do so.I am still waiting for a response from the Laberge Group who conducted the meeting to answer whether the Town would be allowed to cancel the Village's current water/sewer project that will be getting off the ground right around the time this decision is made. Can they just stop the very necessary updating to our water/sewer here in the Village? I, for one, am tired of brown water due to the "dead ends" in the village. This isn't to say

the Town WOULD stop it but again, it is The Town Boards choice if this goes through.

One last point, the Town after 2 years can also decide which of our zoning laws, local laws, etc will stay and which they will want to end. So, make of that what you will.

This is all my opinion and from my lived experiences at the meetings I have attended and the love I have for our village. Take my opinion as just that.

Do your own research and formulate your own opinions. Pro or Con. Write a letter to the editor no matter where you stand because we all need to know and understand the importance of this possible dissolution.

If it comes to a Village vote regarding this, I hope that everyone that can vote, does.

4 Steps To Take In The Spring / Summer For Success In Producing Your Own "Food As Medicine."

Step #1 "Dry Fertilizer Preplant"
Apply 25 lbs per 1000 sq.ft. of **Garden Blend** just before planting and incorporate if possible. This is a great way to make sure you have the energy in the soil you need to produce **Higher Brix** fruits and vegetables with **less insect and disease** pressure. 5 lbs **Epsom Salt** per 1000 sq.ft. can also be applied for gardens that have imbalanced soils due to manure or mushroom mulch.
Garden Blend, the key to producing your own "Food As Medicine."

Step #2 "Seed Maggots"
If you struggle a lot with **seed maggots**, or your plants don't seem to have a lot of **early season vigor**, apply a little **kelp meal** in furrow at planting. This can act as a natural **insecticide** plus gives you a lot of the **natural sea minerals** and **amino acids** that are very beneficial in producing **Higher Brix fruits and vegetables**. Also works well for wire worm control in potatoes.

Step #3 "Foliar Spraying"
So after you apply your **Garden Blend** in the spring, **Foliar Spraying** is a great way to ensure your **Sugar Brix** levels stay high in the plant. Especially in cloudy wet weather. This is always when insects and disease pressure is worse. Buy a **good sprayer** and spray every 5-7 days. A very simple program is the following rates per gal of water.
2 oz. Sea-90, 2 oz. Epsom Salt, ¼ oz. Dutch Soil Concentrate.
More detailed foliar programs in our **Garden Guideline Sheet**.

Step #4 "Insects & Diseases"
Hopefully if you followed our **dry fertilizer** recommendations and you are doing some foliar spraying, you won't have disease and insect pressure. But, always keep in mind. If we get a couple days of **cloudy wet weather**, that's when **disease and insect pressure** is always worse. Foliar spray 3-4 oz. **Bug Beater Juice** per gal of water can help to **control insects**. This is a mixture of nutrition and organic insecticides.

Your Senses Will Tell You That God Made The Spring

You can see the green grass that will cover the ground and the new leaves adorning the trees all around.
Plus the streams that now run from the melting snow and the wildflowers that are beginning to grow.
Hear the singing of the birds as they soar through the air and the buzzing of insects that fly everywhere.
You can feel balmy breezes caressing your face and the warmth of the sun from its heavenly place.
You will learn from your faith what your senses portray, that the Lord has presented this charming array of his symbols of love which we all understand, when the beauty of springtime enlivens the land. Gloria Nowak
And 'tis my faith, that every flower, enjoys the air it breathes. William Wordsworth.
For lo, the winter is past...the flowers appear on the earth. Song of Solomon 2:11,12.
