Other topics will be discussed: Agrivoltaics, private energy production, AI data centers, Detention centers, and inheritance of family farms.

Addison Grange meetings are held on the third Thursday of each month. All meetings are open to public participation; membership is not mandatory. Notice To Troupsburg Residents

It's been the policy of your Troupsburg Betterment Committee since its inception many years ago to try to provide entertainment, fun for children, friendly competitions, contests, and dinners to raise funds to do all these projects. We've worked very closely with your Fire Company in putting on the July 4th parades, the auxiliary putting on meals, and your fireworks displays, and to try to make your Town a better place for everyone. Having said all this, it has unfortunately become a realization to those on the Committee that without further assistance from you, our constituents, meaning volunteers, the Committee will cease to exist. There are currently four (4) individuals who are eighty (80) years old. One will be ninety (90) very soon, several in their seventies (70's), and well, you get the picture! Thank goodness these dedicated folks are committed to trying to carry on the traditions laid down by past Committees. Say what you will, folks, but this is a cry for help, and without you, we will soon be gone. We only meet once a month, on the second (2nd) Thursday of the month at 6 PM at the Troupsburg Fire Hall. If you want to continue to have a say in what your Committee does or what you would like them to do, take a few minutes of your valuable time, just once a month, and stop in. Visit just once, and if you don't like us, don't come back, but at least put forth the effort. You might like what we do and start a membership. It's voluntary and doesn't cost anything but your time. WE NEED YOU! VOLUNTEER. PLEASE!

Thanks,
Jay Newberry
Troupsburg Betterment Committee Chairperson/President

Thou Shalt Not Fear

Submitted by Sharon Calkins

(5/21/26) The words fear not and don't be afraid are in the Bible many times. Psalm 23:4 says "even though I walk through the valley of death, I will fear no evil." Isaiah 41:10 says "Fear not, for I am with you." These are two times out of many. If you're like me, you do have fears. There's the fear of not having enough finances, fear of upcoming surgery among others. But the Bible tells us to not fear. We need to put our faith and trust in God who knows our situations and He will be with us to see us through whatever we are going through.

VILLAGE OF ADDISON, NEW YORK

SUMMARY OF THE VILLAGE OF ADDISON PROPOSED DISSOLUTION PLAN AND

VILLAGE BOARD OF TRUSTEES PUBLIC HEARING VILLAGE OF ADDISON PROPOSED DISSOLUTION PLAN

PLEASE TAKE NOTICE that the Village of Addison Board of Trustees endorsed a Village of Addison Proposed Dissolution Plan on April 29, 2026. This document is available for the public to view at the Addison Village Clerk's Office located at 35 Tuscarora St., Addison, New York 14801, on the Village website at <https://www.villageofaddisonny.gov/> and on the project website: <https://labergegroup.com/addison/>.

PLEASE TAKE FURTHER NOTICE that the Village of Addison Board of Trustees has called for a public hearing on the Proposed Dissolution Plan for **Monday June 8, 2026 at 6 p.m.** at a special meeting of the Board to be held at the **Addison Community Center, 13 Community Drive, Addison, New York 14801**. The purpose of this hearing is to provide the public the opportunity to provide comments on the Proposed Dissolution Plan. After the public hearing, the Village Board may amend and adopt a Final Plan of Dissolution or may opt to stop the process. If the Final Plan is adopted, the Village Board of Trustees shall contemporaneously with the adoption of the Final Plan set a date for a referendum on dissolution.

SUMMARY OF THE PROPOSED PLAN outlines possible impacts of dissolution should the Village voters elect to dissolve the Village of Addison and be governed by the Town of Addison. The proposed date of dissolution is December 31, 2027.

- The elimination of all existing Village governance structures, including the Village Mayor, the Board of Trustees and all departments.
- The Town Board would assume all governance responsibilities for the area currently known as the Village.
- Loss of the Police Department. The Town does not plan to create a Town police department.
- Village public works functions, including water and sewer, would be provided by an expanded Town Highway Department.
- The Town of Addison would create a Hamlet Water District and a Hamlet Sewer District with boundaries the same as the current Village. The cost for water and sewer services, including debt service, would be a charge upon the users of the water and sewer districts.
- The Town would create a Hamlet Fire Protection District and a Hamlet Lighting /district both with boundaries the same as the Village to provide fire protection services and street lighting respectfully and make the costs a charge the properties within the Districts for those services.
- Village local laws, including Village zoning, may continue for up to two years post dissolution; however, within those two years, the Town's plan is to evaluate the local laws and decide whether to adopt, repeal or amend the Village laws. At the end of two years, any Village laws, not adopted or integrated into Town laws shall be deemed repealed.
- The Town would establish a Planning Board and Zoning Board of Appeals post dissolution and would create a part-time code enforcement officer to enforce Zoning and other municipal code enforcement responsibilities. Enforcement of the NYS Uniform Code would be assumed by Steuben County.
- The Town will increase the Town Clerk and Bookkeeper positions full-time to handle the increased volume of administrative duties.
- The proposed Plan transfers all Village assets including but not limited to the water plant, sewer transfer station, the community center, Fire House 1, public works garage, parks, public spaces, vehicles and equipment to the Town for continued public use with the following exceptions. The Village would sell Village Hall, police vehicles and equipment and other miscellaneous equipment. The net proceeds of the sales of the real property and equipment would be used to offset Village liabilities.
- Outstanding Village liabilities would be a charge upon the taxpayers of the Village.
- The Town would receive an annual New York State Citizen Empowerment Tax Credit (CETC) equivalent to 15% of the combined Village and Town levies in the year prior to dissolution estimated to be \$167,790. A minimum of 70% must be applied for property tax reduction.
- It is projected that Village property tax payers would see a reduction in their combined Village and Town property taxes as follows: Village property taxpayers would experience an approximate 39% reduction in their combined Village and Town taxes before application of the CETC, an approximate 46% reduction with 70% CETC application and an approximate 49% reduction with 100% of the CETC applied to offset taxes.

“Everyday Heroes” 2026

Seventy-four students from 19 school districts across the Twin Tiers were recognized for their kindness, leadership, and community impact during the 21st annual “Everyday Heroes” ceremony. The event, held at the Corning Museum of Glass, honored students not for academic achievement but for their character and how they treat others. Students were called to the stage individually, each receiving a trophy and a \$50 Visa gift card. Organizers say that kind of compassion is what defines an everyday hero.

The ceremony concluded with a random raffle, awarding a \$1,000 prize. The program began with students from just five schools, and organizers say they hope to continue expanding to include more districts in the future. The winners of this year’s “Everyday Heroes” from Addison are: Newt J., Anna L., Karra K., and Chloe B.

Newt J. – Newt has made a stand against fellow students who were "bullying" a student with a physical and mental disability. Newt intervened several times to stand up for this student. He does what is right and sticks up for his friends and other students. Newt is polite to fellow students and staff; he always has a smile on his face and asks people how they are doing or fist bumps them in the hallways. Lastly, he is the president of the Addison Chapter of Pickled Eggs group.

Anna L. - Anna is an exceptional student and, just as importantly, an exceptional young woman. She is dedicated to her schoolwork and consistently strives to be the best she can be, often going above and beyond classroom expectations. Anna also demonstrates a strong commitment to giving back to her school and community. She has participated in numerous volunteer activities, including assisting at the local food center, ringing the bell for the Red Cross Red Kettle Drive, helping at STEAM Night at Tuscarora, and supporting field day at the elementary school. Anna’s positive personality, strong work ethic, and determination will continue to serve her well as she moves on to college and beyond. Anna’s character is proven every day in and out of the classroom.

Karra K. - Karra is an amazing student. She is a student that can be counted on to help with any event or activity. She has been a part of the morning announcement crew since middle school and is currently serving as the recording secretary of HS Student Council. Karra is a kind and positive role model to her peers. She is a member of the Academic All-star team where she has helped to lead her team to many wins throughout her school career. Karra is a leader that brings positivity and achievement to our school. Additionally, Karra is in the top of her class academically and has overcome a lot of adversity to be there. At times, it appears that Karra cares more for others than herself. Karra goes out of her way to help her peers academically and encourages other students to get involved. Karra volunteers her time through student council outside of school hours and is a positive impact in the Addison Community. This holiday season, Karra was handing out hot cocoa at the Parade of Lights even in the cold, and she brought the biggest smile and positive energy. Karra truly tries to make others around her happy. This year, Kara went out of her way to recruit members to the Academic All-star team; she has led tours of the school for incoming students and is truly one of the brightest lights that shines in school. Karra is a friend to everyone and creates positive environments around her wherever she goes.

Chloe B. - Chloe is an important member on the Student Council. She is kind to her peers and encourages others to help where it is needed. She is also a leader on her cheer squad and always has a smile on her face. Chloe is a wonderful student that continues to grow as a leader in school. Chloe is a very hard-working student athlete. In school, Chloe is a friend to anyone and always brings a smile to class. Chloe is someone who talks about goals and the future and wants to strive for excellence. Due to that, many times it seems that older students want to hang out with her and younger students and her peers look up to her. Chloe's passion for excellence is a standard that leads to success. Chloe is also active within the arts community and gets involved in many clubs. Chloe makes every club and the people around her better. In her spare time, Chloe tutors other students and cares about their success. Chloe's character sets her apart from her peers.

Congratulations to our Addison students!

Senior trip 2026: Boston

On May 3rd and 4th, seniors went on their senior trip to Boston, Massachusetts. Students gathered at 1:45 A.M. on Sunday morning to leave on a bus to drive the almost 7 hours to Boston. On the first day, the students went on a duck boat tour around Boston to learn about the city's history. Afterward, they attended the Boston Red Sox game against the Houston Astros. The students ended the night by checking into their hotel and enjoying the pool. The following day was full of learning new facts about Salem and the witch trials starting with a production of the trials and then a tour around Salem involving more learning. The students then spent the afternoon at the House of Seven Gables with a tour of the house and learning about the house's history, including Nathaniel Hawthorne's history with the house. The trip was a fun way for the students to celebrate their last few weeks as high school students.

PE Field Trip

On Thursday, May 7th and Friday, May 8th, Addison High School students attended a field trip at Bush Campus where they worked as groups to complete challenges. The trip began with a series of team building obstacles to test their communication and cooperation. Students traveled through stations that included ziplining, balancing challenges and problem-solving tasks. One of the most popular stations was the ropes course. In the ropes course station, students had to practice the skills of climbing, swinging, and balancing to get to the finish line. At the beginning of the day, students were shy and quiet but then they found themselves cheering loudly for their teammates. By the end of the day, students came together and shared one point they learned from the experience. Most students find this activity to be quite educational in that they practice interpersonal communications while enjoying hands on activities. These activities take PE to the next level of learning.

Classroom Debate Engages 9th Grade Global History Students

On Wednesday, May 13th, students in Mr. Cansdale's 9th grade Global History class participated in an engaging and thoughtful classroom debate. After spending significant time preparing opening statements, supporting evidence, responses to questions, and closing arguments, students put their skills into practice in a lively and meaningful discussion.

The central question of the debate was: "Should Martin Luther be considered a hero or a criminal?" To add authenticity to the experience, Mr. Cansdale invited faculty and staff to serve as jurors. These jurors carefully listened to the students' arguments and evidence before helping to determine—once and for all—how Martin Luther should be judged.

Throughout the activity, Mr. Cansdale emphasized the importance of strong communication, active listening, and thorough preparation. Students demonstrated a commendable level of dedication in their research and argument development, making this debate an exciting opportunity to showcase their hard work.

At the conclusion of the class, Mr. Cansdale encouraged students to reflect on the importance of respectful discourse. To lighten the mood, students gathered in the center of the room and playfully posed in "fighting stances," reinforcing the idea that people can "agree to disagree" while still leaving the classroom as friends and classmates.

Great job to all of Mr. Cansdale's 9th grade Global History students for their effort, enthusiasm, and thoughtful participation! Mr. Cansdale would also like to thank the jurors that contributed their time during the day to help: Ms. Winkky, Mrs. Ross, Miss Aldrich, Mrs. Jones, and Journalism class with Mrs. Ferratella (Alivia S., Peyton H., Sophie H., and Emma B.).

Middle School Students Have a Fun and Engaging Game Night

The middle school PTO partnered with the Addison Area Merchant Association to ensure that all students were able to participate in a game night on Friday, May 8th in the Event Center. It was a fun night of laser tag, mini glow golf, and retro arcade games. The event was called "Glow Zone Game Night."

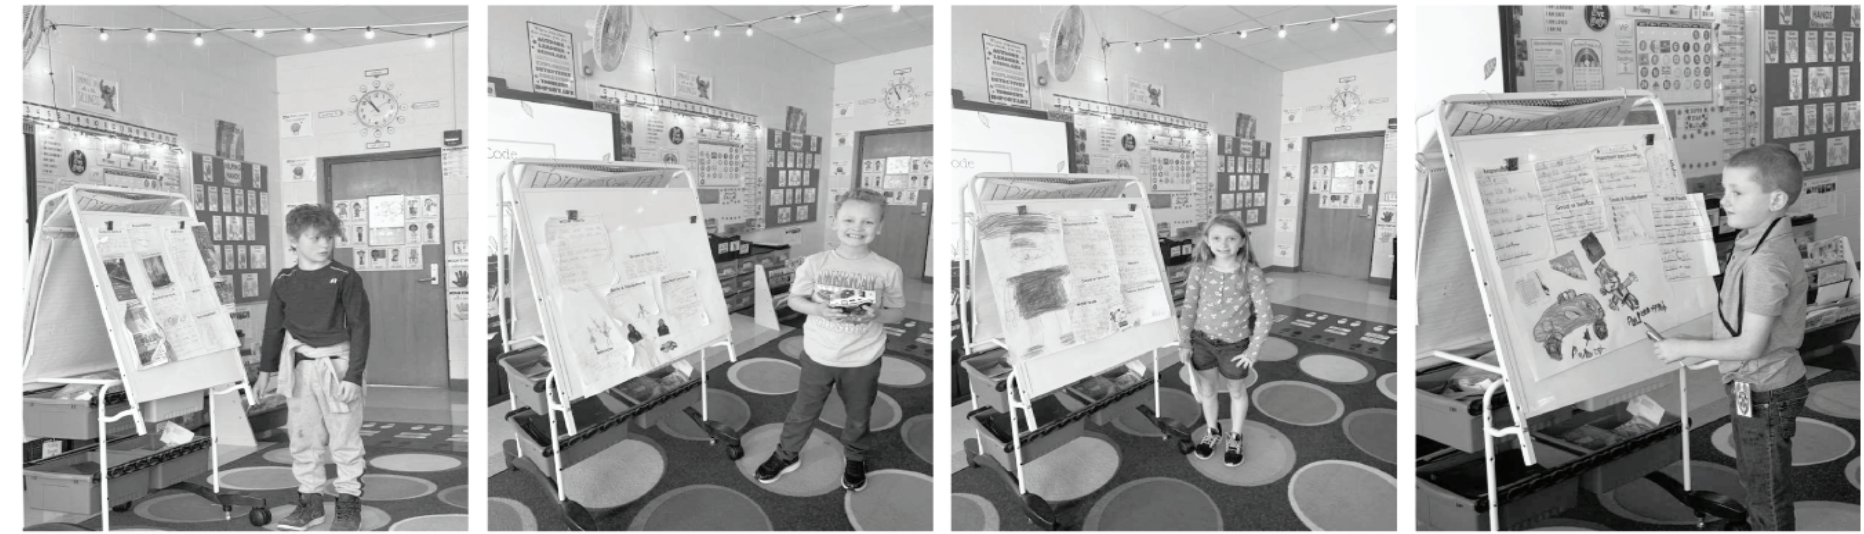

Tuscarora Book Fair

The Tuscarora Book Fair was held during the week of May 11th in the Tuscarora library. Students had a wonderful time exploring all the books and other items available. It was exciting to see their enthusiasm as they browsed everything the fair had to offer! In addition, there was enough money raised from Coin Wars that each student at Tuscarora was able to get a book from the Book Fair.

Career Exploration in Second Grade

Students in Mrs. Wheatcraft's second grade selected a career they wanted to learn more about and researched job aspects such as responsibilities, tools and equipment, importance, and WOW facts. Students then looked through magazines for images related to their chosen career and cut them out to add to their poster. They were encouraged to make or bring 1-2 props that fit their job and presented their poster and props to the class.

Valley Early Childhood School

At the Valley School, Ms. Caroline brought in baby ducks for all the classrooms to see. She also brought bunnies, a calf and a turkey and Mrs. Arnold brought her goat. The students were able to answer some questions about their mothers' Day and plant a flower to take home. Thank you to Jason and Gabby Miller for donating the flowers; it was very appreciated. The 4-year-old classrooms took a field trip to kindergarten at Tuscarora. The students ate breakfast, visited some of the classrooms and ended their time with a story from Mrs. Morse in the library. The Valley also had a community helper's day and were visited by Deputy Saltsman. The students were able to see his sheriff vehicle as well as an ambulance and a firetruck. The New York DOT brought their roller robot and showed the students how it works. They also took a trip across the road to see the post office.

Thank you to: Deputy Saltsman, Mrs. Patty, Addison fire/ambulance crew, Mrs. Arnold, Ms. Caroline, Ms. Heather and The New York DOT. Students at the Valley Early Childhood School celebrated their principal, Mrs. Wright, on Principal Appreciation Day. They gave Mrs. Wright a purple cooler full of popsicles because she is the COOLEST principal.

Dear Editor,

The discussion surrounding the possible dissolution of the Village of Addison deserves to be approached with honesty, transparency, and a genuine concern for the people most affected by these decisions.

At this point, posting signs urging a “No” vote by the village board feels largely symbolic. The required signatures exist to force a public vote if that path is chosen. More importantly, there appears to be broad agreement between stakeholders by both sides on one critical issue: no proposal should move forward if it results in the loss of the School Resource Officer program. The safety and well-being of students cannot become collateral damage in a political or financial dispute.

The deeper concern is not simply dissolution itself, but the posture taken by the Town Board. Residents should be troubled by the willingness to place essential student protections at risk for the purpose of simultaneously preserving an assessment structure that many believe unfairly shifts the tax burden onto village residents. Since the 2016-2017 tax rate changes by the town board, village taxpayers have shouldered a disproportionate share of the town budget, currently nearing 55% despite receiving comparatively little in return from the town government.

Contrary to some reports, the change in the Town of Addison’s tax rate structure around 2017 was not a forced mandate. In my opinion, the adjustment unfairly shifted a larger share of the tax burden onto Village residents in order to keep the overall town tax burden outside the village lower. Today, although the village represents approximately 40% of the taxable properties within the Town, as mentioned before, it now accounts for roughly 55% of the total tax levy. This imbalance raises serious concerns about fairness and the long-term impact on village taxpayers.

These are not emotional accusations; they are matters of public record that can be independently researched and verified. Every voter, especially those who may not yet be fully informed on the issue, owes it to themselves and to the community to examine the facts carefully before casting a vote for any current member of the town government in the future.

This issue should not divide neighbors against one another. It should encourage an honest conversation about fairness, accountability, public safety, and responsible governance. The residents of Addison deserve decisions rooted in equity and transparency, not policies that ask one group of taxpayers to carry an unequal burden while risking protections that directly impact our children’s safety.

Respectfully,
 Derek Burrell

Do You Believe In Yourself?

There are many things in life that we should believe in, God, family, country.

However, belief in ourselves is important if we are to have a fulfilling, challenging life. It's important to have a good self-image without being self-righteous. Did you ever know a person who, whenever you asked them how they were doing replied negatively? It seems they always expected the worst. To the believer, we are all God's creatures and He wants only the best for us; however, He has given us free will so it is up to us to stay as positive and optimistic as possible.

Our Heavenly Father knows all things and nothing can happen to us that He is not aware of. Put your belief and trust in God He believes in us. *I can do all things through Christ which strengtheneth me. KJV Philippians 4:13*
