LibraryWise: News and Notes from the Greenwood Reading Center

Hello, Friends! Can you believe that this coming Sunday is the last official day of Summer? We are excited for the coming season, here at the library. The window has already been decorated for Fall, and our Autumn activities are ready to get underway!

There are a few, colorful leaves ‘falling’ down our front window, but we think there aren’t enough. Everyone is invited to come and participate in our Fall Into A Good Book event! Anytime we’re open, you are welcome to come and write the titles of your favorite books and color some more leaves to add to our window collection.

Do you another good way to celebrate the changing season? With a good meal, shared with friends! Our Mystery Meal will be held on September 25th at noon in the Community of Christ fellowship hall. Just bring a dish to pass and add to the ‘Mystery’ of the Mystery Meal.

Another good way to celebrate is with a book, of course! A favorite book of poetry around here is ‘Falling Up’ by Shel Silverstein. With artwork as zany as the poetry, this book has always been a great way to keep spirits up on a chilly, rainy day. If you are trying to entertain children, this book, and other Shel Silverstein classics, are must haves!

FAQs: Our hours are Monday 2:00-7:00pm, Tuesday and Friday 9:00am to 2:00pm, Wednesday 11:00am to 4:00pm. Homework Helpdesk is on Mondays. We have free internet use via Wi-Fi or public-use computers, fax capabilities and can make copies for a small charge. Yes, you can find us on Facebook! Contact us at (607) 225-4553 or greenwoodreadingcenter@gmail.com. Visit us on the web at: greenwood.stls.org

Interesting Facts About The Constitution

***Writing of the Constitution:** The Constitutional Convention took place in Philadelphia from May 25 to September 17, 1787. James Madison, often called the “Father of the Constitution”, played a significant role in drafting the document.

The original purpose of the convention was to revise the Articles of Confederation, but they decided to create a new Constitution instead.

***Signing of the Constitution:** On September 17, 1787, 39 of the 55 delegates present signed the final draft of the Constitution at Independence Hall. Benjamin Franklin, at 81 years old, was the oldest delegate to sign the Constitution, while Jonathan Dayton, at 26 years old, was the youngest.

*** Ratification:** The Constitution needed to be ratified by nine states to become effective.

The first state to ratify the Constitution was Delaware on December 7, 1787. The ninth state to ratify was New Hampshire, which occurred on June 21, 1788, making the Constitution official.

*** Amendments:** The first ten amendments to the Constitution are known as the Bill of Rights, which were added in 1791 to protect individual liberties. The process of amending the Constitution is laid out in Article V and requires a proposal by two-thirds of both houses of Congress or a national convention called for two-thirds of the state legislatures. To become part of the Constitution, an amendment must be ratified by three-fourths of the state legislatures or conventions.

*** The Preamble:** The opening lines of the Constitution are known as the Preamble, which outlines the purpose and goals of the document. It starts with the famous phrase: “We the People of the United States, in Order to form a more perfect Union...”

*** Influences from other documents:** The Constitution drew inspiration from various sources, including the Magna Carta, the English Bill of Rights, and the writings of philosophers like John Locke and Montesquieu.

***Federalist Papers:** The Federalist Papers, a series of essays written by Alexander Hamilton, James Madison, and John Jay, were influential in advocating for the ratification of the Constitution.

*** Longevity and influence:** The United States Constitution is the oldest written national constitution still in use globally. Its model of separation of powers and checks and balances has been adopted by numerous other countries in their governing documents.

*** Modern-day amendments:** The most recent amendment to the Constitution is the 27th Amendment, which deals with congressional pay and was ratified in 1992, over two centuries after it was proposed.

In Jesus, Heaven is Your Destination

Submitted by Sharon Calkins

(9/18/25) If anyone is dabbling in fortune telling, crystal balls, horoscopes, psychics, etc, please beware. The Bible warns us against these things and says they are from Satan. He will use these ways to draw you to him. He has ways that are deceiving and they look so good to you. Satan’s destination is Hell. Once you see something that you desperately want to see, Satan has you. Don’t let him get you. Turn your attention to Jesus and you will see the truth. In Jesus, your destination is Heaven. Would you want to spend eternity burning in Hell or living in eternal joy with God? Please choose the latter.

School Year 2025-2026 September 18, 2025 Issue 1 Page 1 of 4

Welcome 2025-2026

Staff were welcomed to the 2025-2026 school year on Wednesday, September 3rd. Superintendent Peiffer greeted staff warmly and they spent the morning together going over new information. First, Mr. Peiffer introduced the many new staff members that recently became a part of the Addison School District faculty. Then, he recognized staff for years of service, including two staff members that have given the school district 30 years of service, Mr. Palko and Mr. Fred Osbourne. Mr. Peiffer then recognized the Teachers of the Year from the 2024-2025 school year.

Superintendent Peiffer also reiterated our mission statement, which is “We will provide students with a safe, engaging and challenging learning environment in order that they are prepared for success in a global society.” He spoke more on his vision of establishing positive relationships within the school and community to provide “superior, innovative educational opportunities which promote lifelong learning.” He went over our core values and goals that we have as a district. This all leads to our motto of being “committed to student success.”

Mr. Peiffer spoke on reflection and the importance of it in our own personal and professional growth. He spoke about individuals’ responses and reactions and how people can think about how they want to and should respond to situations and that is our choice on how we respond. Reflection is a large part of this cycle of stimulus and reaction and taking the time necessary to realize that there are many factors to contemplate and your responses need to be thoughtful. One of the quotes he shared was, “Without reflection, we go blindly on our way creating more unintended consequences...” This process of reflecting is directly connected to personal and professional growth and developing a community of colleagues and student learners. He then continued with important updates about the new cellphone policy, the Blue Ribbon Commission and the new law around extreme heat in schools.

Mr. Peiffer also shared information on the new School Based Food Center, which will be housed at the Jennie Mose Parent Resource Center. Another meaningful quote he shared was, “If we treat people as they out to be, we help them become what they are capable of becoming.” Mr. Peiffer ended with a wish for “an outstanding school year.”

We are planning a Grand Opening Event for Saturday, October 4th at 10:00am. Again, please be on the lookout for more information.

Please note the following guidelines when accessing the Food Center at the JMC:

"Shopping" is limited **one** visit per week per family/person. This will allow us to make sure we are serving as many as possible in any given week.

As you shop, you can take the items that you need. The number of items you can take is 3-days’ worth of food based on the MyPlate recommendations from NYSDOH for family sizes. Visit [HPNAP-Pantry-Package-Guide-9_2024.pdf](#) for more info.

Daily snacks, as long as available, are just that and limited to a maximum of two items, one of each.

The food center currently has a large supply of milk, eggs, peaches, plumbs, cabbage and yogurt. There are also beets, potatoes, ground beef, chicken nuggets, hotdogs, cottage cheese, and many nonperishable foods & canned goods available - even dry dog food to make sure your dogs don't go hungry! Please come visit the Food Center at the JMFRC soon!

Thank you to our partners in this effort, Pro Action of Steuben & Yates, Inc. and the Food Bank of the Southern Tier, for helping bring the Food Center at the JMFRC to the ACSD community!

THE ADDISON CENTRAL SCHOOL DISTRICT BOARD OF EDUCATION (BOE) WILL HOLD A BUSINESS MEETING ON TUESDAY, SEPTEMBER 23, 2025 AT 6:00 PM IN THE HIGH SCHOOL CAFÉ.

Welcome to Addison, Mr. Brightman

Mr. Brightman has joined Addison as the new technology teacher this September. Though Mr. Brightman never intended on being a teacher, he had a couple of major changes in college and ended up feeling he fit best in the teaching side of technology. Mr. Brightman mentions what he enjoys most about his job is the opportunity to teach the future tradesman and also the time this job enables him to spend with his family. Mr. Brightman is from a town called Newark, New York. His first job during high school was for a home improvement center, and he later worked side jobs in college doing construction.

Mr. Brightman's last job before coming to

Addison was a technology teacher for Horseheads CSD where he worked for 15 years. Mr. Brightman's goal for the Addison district is to use his knowledge and experience to build strong foundations in the trades; he would also like to get the kids more interested in the technology classes offered at the high school. Mr. Brightman states he is very excited to be a part of the Addison district and bring his education and skills to the technology program.

Welcome to Addison, Mrs. McCaig

Mrs. McCaig is our new special education teacher at Addison Middle School. She grew up around Lindley and has been familiar with Addison for a long time. She went to school in Corning and continued her education at Empire State University for her bachelor's degree and Grand Canyon University for her Master's in Special Education. She has made a good transition to our district and has had very good first week with us.

Mrs. McCaig would like to make a long-lasting impact on the students of our community and help them become successful. She helps students with IEP's and helps in other classrooms as well as a structured study hall. Mrs. McCaig loves to spend time with her two kids on her family farm. She takes a lot of pride in what she does and is excited to make an impact on her students this year!

Welcome to Addison, Mr. Clark

Mr. Clark is the new teacher's aide in the middle/high school library and is a volunteer helper for the boys JV soccer team. He received his bachelor's degree from Mansfield University in secondary social studies education and is currently in graduate school through St. Bonaventure to become a school counselor. He has been a substitute teacher in the school district since December 2021 and is looking forward to having a full-time job in the place that helped make him the person he is today. He has lived in Addison his whole life and graduated from school in 2020. What inspired him to become a teacher was being able to make a positive impact on the lives of the future generations by helping them find their true passions in life as he has found his: "Teaching is a profession that can help change the world for the better and that is something I love being a part of."

The most important feature of his job is making sure everyone has the proper support/resources to help them in taking a hands-on approach to their learning. What he likes about the Addison School District is the family atmosphere that it has. In the transition from being a substitute to a full-time employee, Mr. Clark says, "Everyone has been so kind and helpful, which is something I am forever grateful for." His goals for our students and community are to "shoot for the stars and always give your best effort." With the right amount of dedication, effort, and commitment, anything is possible. Mr. Clark's goal for himself in the school district is to give his all, no matter what. He is committed, excited and grateful for the opportunity that he has been given. In his spare time when he is not working on his graduate work, you can find him chaperoning dances and supporting our students who participate in the various extracurricular events school offers. When he is doing neither of those things, he likes to watch sports and spend time with his family.

Everyday Offerings During Open Hours

Play with Purpose

Our centers are each set up to engage the imagination and encourage exploration. Parent/caregivers and their children can explore dramatic play, block play, cars and trucks, create beautiful works of art, read stories together or enjoy one of the many other areas at our Family Resource Centers. During our Drop-in Play hours we help provide the materials, a safe, friendly warm and welcoming environment where you can find support from our caring staff and other parent/caregivers.

Gross & Fine Motor Activities

It's time to get those large muscles moving! It takes lots of practice to perfect our coordination skills so we can learn to rollover, sit up, crawl, walk, run, climb and eventually ride a bike. You can always find gross motor opportunities at our centers varying for the developmental ability of your child.

The precise movements it takes for a child to pick up a cheerio, write their name or learn to cut are developed through fine motor activities. We are conscious at our centers in making sure we provide lots of materials and opportunities for children to build these muscles and "fine" tune these skills.

Sensory Play

Children learn so much through their 5 senses: touch, sight, hearing, smell and taste. Sensory play will focus on developing one or multiple senses.

Special Events & Activities

Storytime encourages skills like language and literacy, plus cognitive development and social emotional growth.

A Good Attitude

The dictionary defines “attitude” as a manner of acting that shows one’s inward thoughts and feelings. Each of us has an attitude, and the way we project ourselves to others helps shape our character and define our personality. A person’s attitude and individuality are developed over the years as a result of all the positive and negative situations they encounter. A person with a good attitude is usually more congenial, friendly and pleasant with others. They are well liked, easier to get along with and less anxious. In general, people just seem to enjoy their company. A more negative person with a poor attitude seems to worry more, is often uneasy and frets about things that may happen in the future. Changing one’s attitude or personality is difficult. However, all things are possible with God. The Bible tells us that we should have the attitude of Christ Jesus (Philippians 2:5). As humans, we have all come short of His glory. Although it is not easy to always have a good attitude, God wants us to keep trying to be the best person we can be.

When a man’s ways please the Lord, he makes even his enemies to be at peace with him. R.S.V. Proverbs 16:7
