

Airoform® GEL OVERLAY

COOL, CONFORMING COMFORT. SUPERIOR PRESSURE RELIEF.

Airoform Gel is a high-performance, cool, and conforming memory foam, renowned for its patient care benefits.

Its unique open-cell structure and solid-particle gel infusion optimise and moderate microclimatic conditions at the skin interface, dissipating excess heat and providing superior temperature stability.

Designed for skin integrity and pressure relief, it maximises surface contact to reduce interface pressure and offers excellent heat stability with sustained immersion.

COOLING GEL TECHNOLOGY

SUPERIOR PRESSURE REDISTRIBUTION

ENHANCED AIRFLOW & TEMPERATURE CONTROL

CONFORMING COMFORT & SUPPORT

IDEAL FOR

PRESSURE CARE

ADJUSTABLE BEDS

TEMPERATURE REGULATION

AGED CARE & HOME CARE

MOBILITY SUPPORT

Available in Ultra Soft, Airoform Gel provides excellent comfort while supporting repositioning and mobility. Suitable as a pressure care overlay or as part of a mattress interface layer, it delivers outstanding pressure redistribution and patient support.

AVAILABLE COVERS

ADVANTIFLEX COVER

- ✔ High performance stretch cover
- ✔ Fluid resistant
- ✔ Breathable & vapour permeable
- ✔ Antimicrobial
- ✔ Easy to clean

LUXURY QUILTED COVER

- ✔ Soft, quilted comfort
- ✔ Breathable
- ✔ Antimicrobial
- ✔ Easy to remove & clean

ANTI SHEER INNER COVER

Provides an additional layer of protection against shear and friction for enhanced skin integrity.

AIROFORM GEL

Cool, conforming gel-infused memory foam for pressure relief and temperature stability
