

Queensland Mobility Solutions

LOWRIDER HI-LO ADJUSTABLE BED

Advanced Comfort. Clinical Functionality. Complete Control.

Personalised Positioning

- **Back & Foot Elevation**

Independently adjust head and foot sections for optimal comfort. Elevation may assist with sleep apnoea, acid reflux, circulation and pressure management.

- **Hi-Lo Height Adjustment (190mm–660mm)**

Variable height supports safe transfers, wheelchair access, and ergonomic positioning for carers.

- **Trendelenburg & Reverse Trendelenburg**

Forward and reverse tilt functions to support circulation, clinical positioning and easier care tasks.

- **Zero Gravity (ZG)**

Balances body weight to reduce spinal pressure, minimise swelling and enhance sleep quality.

- **Reading / TV Position**

Raise the head section for relaxation and entertainment.

- **Preset Memory Positions**

Save preferred settings for one-touch access.

- **One-Touch Flat**

Quickly return to flat for safe transfers and repositioning.

- **Massage Function**

Three adjustable vibration settings to improve circulation, relieve tension and promote relaxation.

Three Hand Control Options

Choose the control style best suited to the user's needs:

1. V2 Simplified (Words Only)

Clear, easy-to-read buttons featuring:

- Head Adjustment
- Foot Adjustment
- Hi-Lo (Height Adjustment)
- Flat
- Memory

Ideal for users who prefer straightforward text-only controls.

2. V2 Simplified (Words & Symbols)

Large-format remote with both clear wording and easy-to-understand symbols. Includes all bed functions in an accessible, user-friendly layout.

Perfect for clients requiring larger buttons and enhanced visibility.

3. V2 Compact

A sleek, palm-sized remote featuring all bed functions in a smaller, convenient handheld design.

Ideal for users wanting full functionality in a compact format.

Additional Control Option:

Wireless smartphone app (iOS & Android) for convenient digital operation.

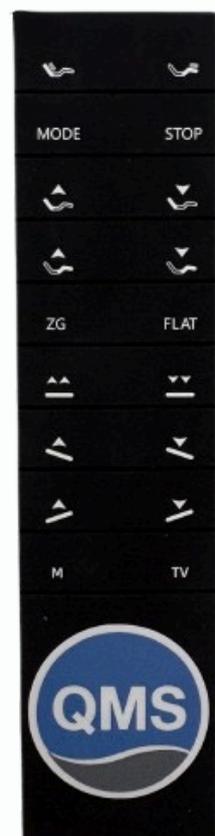

V2 Simplified Words Only

V2 Compact

V2 Simplified Words & Symbols

Safety & Durability

- Built-in corner rails
- Battery backup
- Lockable castor wheels
- Smooth lift system
- Underbed clearance for patient lifters and overbed tables
- Heavy-duty construction supports up to 320kg

Design & Compatibility

Upholstery: Grey

Mattress Compatibility: Breathable base platform with keeper bars to prevent movement. Compatible with mattresses made for adjustable beds.
