Membership Renewal for Parents and Leaders

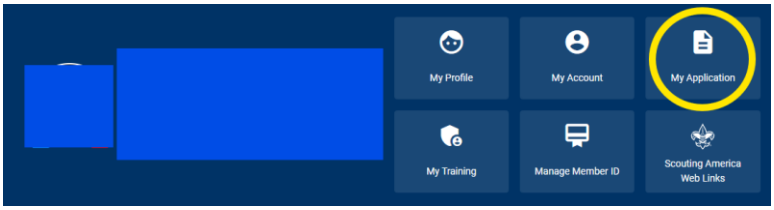

Renewing memberships on my.scouting.org

> **Before you begin**
>
> To renew memberships, you must have access to **my.scouting.org**. When a youth application is submitted, an account is created for the parent listed on that application. The parent must log in, select **Create Account**, and enter the information exactly as it appeared on the application so the system can find the registration account.

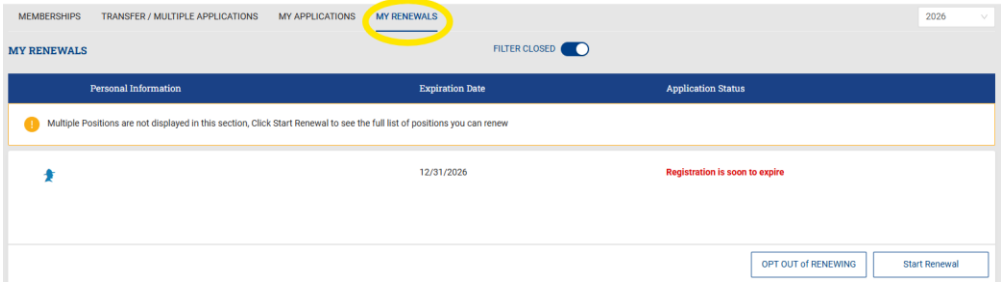

For Parents

Once you are logged in:

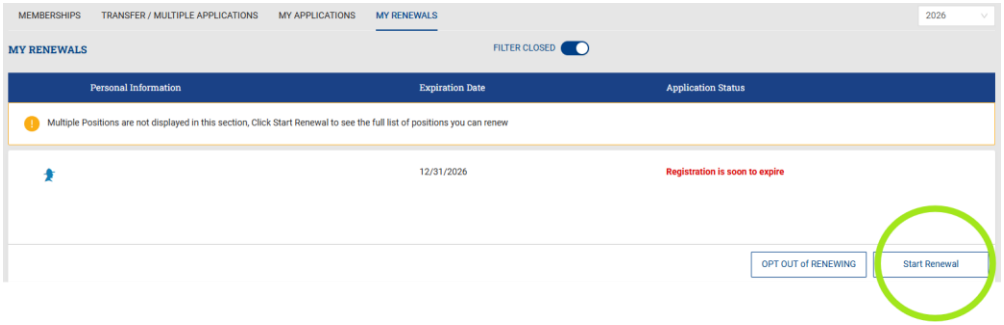

1. Select **My Application**.

2. Select **My Renewals**.

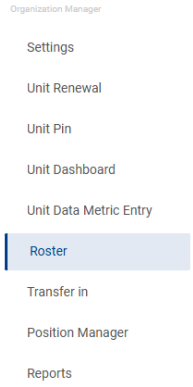

1. **Start Renewal** and process the payment online.

For Leaders

Once you are logged in:

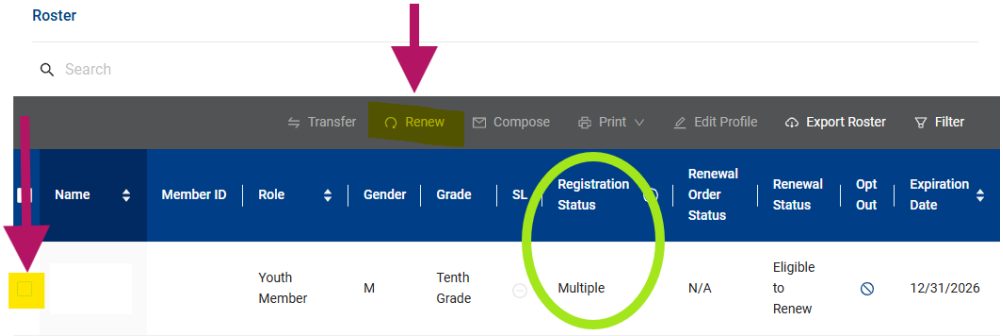

1. In the left-hand menu, select **Roster**.

2. Select who needs to renew, then select **Renew** at the top.

   *If it says **multiple**, that person renews with another unit.*

3. Process the payment for those you need to renew.

Units can always turn in a list of who needs to be renewed for their units with their paperwork if they are renewing at the office. Make sure you do not include anyone that is MULTIPLE in your renewals.
