Promethean

## Tech your way, built to last. It's that simple.

The all-new ActivPanel 10 and Promethean ActivSuite™ experience meets teachers where they are and keeps teaching and learning straightforward.

ActivPanel 10 and Promethean ActivSuite™

Flexible for any learning ecosystem

- Provide a smooth, intuitive experience for both teachers and students
- Choose from an Android, Windows, or ChromeOS compute device to match your school's needs
- Connect any existing computing hardware and use the OS of your choice with the panel's extensive range of ports

Secure, sustainable, and built to last

- Ensure long-term security and sustainability for your school
- Maintain full control over security and updates with your preferred IT tools
- Keep tech current while reducing costs and electronic waste with a simple swap of the connected compute device—not the entire panel

Software that meets you where you are

- Access the suite of Promethean apps from any Windows, macOS, or ChromeOS computer at or away from the panel with Promethean ActivSuite
- Plan, prepare, and deliver lessons anytime, anywhere for maximum flexibility
- Enjoy two seats of Promethean ActivSuite and one ActivInspire licence (lesson creation and delivery platform) with every ActivPanel 10

Free yourself in an immersive environment

- Give teachers the flexibility to move and engage students without being tied to the panel
- Write, highlight, navigate, and control content from anywhere in the room with the optional ActivPen® 2

- Anti-glare, anti-fingerprint, anti-smudge glass
- 9H glass hardness
- Minimum of 500 cd/m²

- 2 x 20 W speakers
- HDMI Out
- USB-C with 100 W power delivery

Choose the computing device that fits with your ecosystem
