

School Income Guaranteed

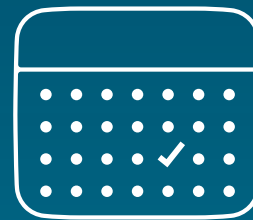

Starting at Only:
2.5%
Subscription Fee

Clad supports schools by providing guaranteed income and working capital. Get 100% of your tuition on time so you can focus on educating with peace of mind.

Onboard

Clad works with your school's AdminPlus Student Information System.

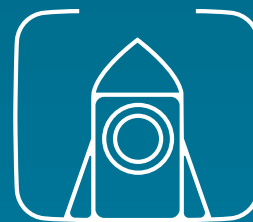

Guarantee

Clad pays you 100% of your invoiced tuition on the due date; whether families pay or not.

Manage

Clad allows you to focus on growing your program, not worrying about cashflow.

Grow

After one academic year, you unlock access to low-cost capital lines to fuel your expansion.

FAQs

How can a school be supported by Clad?

After applying and completing the registration, Clad will meet with your school and confidentially undergo a data analysis. If approved, your institution will receive financial support and guaranteed income from Clad.

What is Clad's payment structure?

Each school has a unique profile and needs. Clad will confidentially review your school's history and data, and will calculate a fair take rate on tuition and fees (always lower than your school's late payments ratio).

Does Clad charge students or their families?

No. There are no account or transaction fees for families for their tuition and fee payments.

Is it worthwhile even for schools with very low default rates?

Yes. The fee is calculated based on the school's profile. Therefore, a school with low default rates will have an attractive fee with Clad.

With the financial support, the school gains predictability, stability, and security, receiving extra funds. This allows for improved cash flow, long-term strategic planning, and the realization of projects such as renovations, expansions, new materials, and other improvements.

How do we learn more and get started?

To get started with Clad, contact your Rediker Account Manager or email sales@rediker.com.

WHY?

Leading Schools Choose Clad

Predictable revenue =
Stronger planning
and impact.
