

## QUALITY POLICY STATEMENT

The objective of Taut Solutions Limited is to succeed and grow profitably within the marine and energy industries, by providing prime value-added solutions and services that meet or exceed the expectations of its customers.

In order to achieve its objectives the company has implemented a Quality Management System, which provides the overall framework and processes necessary for:

- a) Enhancing customer satisfaction, by determining and meeting or exceeding the customers' explicit and implicit expectations;
- b) Setting quality objectives for its services and determining the means necessary to achieve them;
- c) Ensuring compliance with all contractual and applicable regulatory requirements;
- d) Safeguarding and promoting safety, environmental sustainability and business integrity; and
- e) Improving continuously the effectiveness and efficiency of its processes and the quality of its services.

These guiding principles are paramount and fully integrated into the company's culture.
