COLORWRX GREEN

COLORWRX GREEN
SAFETY DATA SHEET
Revision Date: September 21, 2026

1. IDENTIFICATION

Product identifier
ColorWRX Green

Product number
0718050514-20211806

Chemical family
Organic pigment colorant

Recommended use
Colorant for turf

Restrictions on use
For professional and consumer use

Responsible party
ColorWRX, a subsidiary of Lucero & Co. LLC

Address
110 1/2 N Tejon Street, STE 211, Colorado Springs, CO 80903

Telephone
1-866-COLORWRX

Emergency telephone
1-866-COLORWRX

2. HAZARD(S) IDENTIFICATION

GHS classification
Eye Irritation - Category 2B

Signal word
Warning

Pictogram
None required

Hazard statement
H320: Causes eye irritation.

Precautionary statements
P264: Wash hands and exposed skin thoroughly after handling.
P305 + P351 + P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P337 + P313: If eye irritation persists: Get medical advice/attention.

3. COMPOSITION / INFORMATION ON INGREDIENTS

Proprietary aqueous pigment formulation containing organic pigments, binder, thickener, and water.

Proprietary eye-irritant component(s) - CAS No. Proprietary - Concentration: 1-5% (exact concentration withheld as trade secret).

The exact formulation and concentrations of non-hazardous proprietary components are withheld as confidential business information/trade secret.

4. FIRST-AID MEASURES

Eye contact
Rinse cautiously with clean water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If irritation persists, obtain medical advice/attention.

Skin contact
Wash with soap and water. Remove contaminated clothing and wash before reuse if needed. Obtain medical attention if irritation develops and persists.

Inhalation
Move to fresh air if spray mist causes discomfort. Obtain medical attention if symptoms persist.

Ingestion
Rinse mouth. Do not induce vomiting unless directed by medical personnel. Obtain medical advice if symptoms occur.

Most important symptoms/effects
Eye irritation, including temporary redness or discomfort.

Immediate medical attention
Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Suitable extinguishing media
Use extinguishing media appropriate for the surrounding fire.

Specific hazards
Water-based product; no unusual fire or explosion hazard is expected under normal conditions of use.

Protective equipment
Firefighters should use protective equipment appropriate to the surrounding fire conditions.

6. ACCIDENTAL RELEASE MEASURES

Avoid eye contact and unnecessary exposure to spray mist. Contain spilled material. Absorb with inert material or collect mechanically. Prevent large uncontrolled releases to drains or surface waters. Clean the affected area with water as appropriate.

7. HANDLING AND STORAGE

Handling
Avoid eye contact. Wash hands after handling. Do not eat, drink, or smoke while handling the product.

Storage
Keep container closed when not in use. Protect from freezing and excessive heat. Store in a cool, dry, well-ventilated area.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Exposure limits
No product-specific occupational exposure limit established.

Engineering controls
Normal ventilation is generally adequate. Avoid generating excessive spray mist.

Eye/face protection
Safety glasses or other suitable eye protection are recommended when splashing or spraying is possible.

Skin protection
Routine work clothing is generally adequate. Gloves may be used to minimize prolonged or repeated contact.

Respiratory protection
Not normally required under ordinary use with adequate ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state
Liquid

Appearance
Green pigmented aqueous liquid

Odor
Mild / characteristic

Odor threshold
Not determined

pH
Not determined

Melting/freezing point
Not determined

Initial boiling point/range
Not determined

Flash point
>260 °F

Evaporation rate
Not determined

Flammability
Not classified as flammable

Upper/lower explosive limits
Not determined

Vapor pressure
Not determined

Relative vapor density
Not determined

Relative density
Not determined

Solubility
Aqueous dispersion

Partition coefficient
Not determined

Auto-ignition temperature
Not determined

Decomposition temperature
Not determined

Viscosity
Not determined

Particle characteristics
Not applicable

10. STABILITY AND REACTIVITY

Reactivity
No hazardous reactivity expected under normal conditions.

Chemical stability
Stable under recommended storage and handling conditions.

Hazardous reactions
No hazardous reaction expected under normal use.

Conditions to avoid
Freezing and excessive heat.

Incompatible materials
Strong oxidizing agents.

Hazardous decomposition products
Thermal decomposition in a fire may produce carbon oxides and irritating fumes.

11. TOXICOLOGICAL INFORMATION

Likely routes of exposure
Eye contact, skin contact, inhalation of spray mist, and ingestion.

Acute toxicity
Oral LD50 >5,000 mg/kg (rat).

Skin corrosion/irritation
Non-irritant based on existing finished-product information.

Serious eye damage/irritation
Eye Irritation Category 2B.

Respiratory/skin sensitization
Not expected based on existing finished-product information.

Germ cell mutagenicity
Not determined.

Carcinogenicity
No finished-product carcinogenicity classification indicated by the formulation information reviewed.

IARC: No
NTP: No
OSHA: No

Reproductive toxicity
Not determined.

STOT - single exposure
Not determined.

STOT - repeated exposure
Not determined.

Aspiration hazard
Not classified based on available information.

12. ECOLOGICAL INFORMATION

The product is a water-based formulation. Based on available information for the finished formulation and its components, no significant adverse environmental effects are expected under normal conditions of use.

13. DISPOSAL CONSIDERATIONS

Dispose of unused product, residues, and containers in accordance with applicable federal, state, and local requirements.

14. TRANSPORT INFORMATION

U.S. DOT
Not regulated as dangerous goods.

IATA
Not regulated as dangerous goods.

IMDG
Not regulated as dangerous goods.

15. REGULATORY INFORMATION

TSCA: In compliance based on existing finished-product information.

SARA Title III Section 313: Not subject to Section 313 reporting based on existing finished-product information.

California Proposition 65: No warning indicated based on existing finished-product formulation information.

16. OTHER INFORMATION

Revision date
September 21, 2026

The information in this SDS is based on formulation information supplied for the finished product, existing finished-product SDS information, and available classification information for identified components.
