## Home of the Month

January's "Home of the Month" is awarded to Dan and Karen Demers at 2801 14th St. W. Karen and Dan work hard to create great curb appeal on their corner home with a well-tended yard of tropical plants and decorations for all seasons. Congratulations!

## Meet Your New Neighbors

By Cindy Shaw

Meet **John and Fran Krakker** (pronounced Crocker), our new, full-time neighbors at 30 Montego Dr. John and Fran are originally from Flint, Michigan. They were introduced to Tropic Isles through Fran's daughter, Ruth, who lives in the area with her family and has been a nurse at Manatee Hospital for the past 4 years. John and Fran have a blended family of 7 children. Fran has 5 children—Ruth (FL), Ray (NM), Randy (MI), Renee (MI), and Roby (MI). John has 2 sons—Ted (MI) and Nick (Netherlands). They also have 7 grandchildren, 12 great-granddaughters, 6 great-grandsons, and 1 great-great-grandson.

John served in the Marines for 2 years and worked in the gravel industry as a heavy equipment operator, prefab welder, and worked with heavy media gravel for 23½ years. He also served as Union Steward for 12½ years. Fran worked for the Coldwater Creek Clothing Company for 6 years. John and Fran enjoy traveling, visiting museums and art shows, antique hunting, and playing cards. Fran knows 32 different poker games! Fran also loves to read and bake. Please give John and Fran a warm, Tropic Isles welcome!

All the way from the island of St. John in the US Virgin Islands is our new, part-time neighbor, **Ruth Ernst**, at 3006 12th St. W. You may recognize the last name from when her father, Bob Ernst, and step-mom, Terri, lived in Tropic Isles for over 30 years on the same street. Her sister, Mary Aguilera, resides where her parents owned at 2901 12th St. W. for all those years. She also has two brothers who reside in Chicago and Boston. Ruth is originally from Exeter, New Hampshire, but has lived in St. John for over 30 years where she has a business, St. John Spice, a retail and online store ([www.stjohnspice.com](http://www.stjohnspice.com)), for the last 26 years. She started her career working for Funk Software, the first software utility company, in the 80's. She also was involved in high tech networking in the 80's and 90's with Banyan Systems for 8 years.

Ruth has 2 dogs and a feral cat that live with her at her home in St. John. In her free time, Ruth enjoys traveling, crafts, sewing, decorating and pillow shopping, gardening, and doing ancestry DNA research for adults that have been adopted. Ruth hopes to spend around a week a month in Tropic Isles, so when you see her, please extend her a warm, Tropic Isles welcome.

## Thanksgiving Blessings!

A delicious Thanksgiving dinner was enjoyed by 140 residents. Thanks to Judy Milliken, the cooks, and all the volunteers that made it a success!

Three generations of the Floretta Krueger family (Floretta, her daughter, and granddaughter) came together to celebrate Thanksgiving!

## What's Happening in Tropic Isles

Denise Votaw had a Heav- enly Hand at Mahjong on November 26 while play- ing with the Tropic Isles' group. This is a very rare occurrence, and all her Mahjong friends felt very blessed to witness the event! Congratulations, Denise!

Thank you to Mark and Pat Kolb and Martin and June Dey for pulling the shades out and installing the side curtains at the shuffle courts!

"Jerry Quesenberry, the dog whisperer"

Thank you to those that reached out to help Wendy and myself brighten up our park for the holidays by decorating the buildings and the entrances! Special thanks to **Brenda Bartels, Doug & Carol Peck, Randy & Julie Rice, Jim Gorton, Lisa Murphy, Laura Bishop, Pat Baker, Dawn Perna, and Dennis & Janet Weber**. I hope the lights were enjoyed by all!

----Cheryl Brink

The buildings were painted in November to give Tropic Isles a bright, new look.

## From the Manager's Desk

As you are aware, one of the goals of all the residents of Tropic Isles is to keep the community looking beautiful. Enforcing the rules plays an important role in that goal. At the March 16, 2023 Board Meeting, the Board of Directors presented and approved an updated Compliance Policy.

The goal of this policy is NOT to penalize residents or to charge fines. The goal is simply to keep our community attractive and to remind all residents that we all share in this responsibility.

If you receive an email or a letter, please do not panic. If you need additional time to address an issue, just reach out to Management. Communication is key! We all need to work together to maintain a community atmosphere here at our own little slice of paradise... **Tropic Isles**.

# **Compliance Policy**

## **COMPLIANCE GOAL:**

To ensure the overall appearance of Tropic Isles Co-Op by encouraging residents to maintain their homes and property at the highest possible level in accordance with the Governing Documents and the Rules & Regulations.

The obligation of the residents of Tropic Isles to maintain their homes and property are found in the Governing Documents, as follows:

1. Paragraph 48 of the Declaration of Master Form Occupancy Agreement
2. Article 12.1 of the Bylaws
3. Rules & Regulations (as they may be updated from time to time)

## **COMPLIANCE PROCEDURES:**

- Email communication to advise the resident, as well as the owner of the property, of compliance issue with request to resolve within seven (7) days.
- Rules & Regulations Compliance Request Notice: If the violation is not remedied within seven (7) days, the Manager (at the direction of the Board) shall provide written notice to the resident alleged to be in violation, as well as the owner of the property, of the specific nature of the alleged violation, including a statement setting forth the provision(s) of the documents allegedly violated. This document requires compliance within seven (7) days.
- Final Notice of Violation: If the violation is not remedied within seven (7) days, the manager (at the direction of the Board) shall send a Final Notice of Violation, which is required to be sent via certified mail.
- If the violation is not remedied within ten (10) days of the Final Notice of Violation, the matter will be referred to the Executive Committee of the Board to impose a fine and/or proceed with further enforcement action as set forth in Article 12.1 of the By-laws.

Prior to a fine being imposed, the Board shall:

Appoint a Fining Committee of at least three (3) members appointed by the Board who are not officers, directors, or employees of the Co-Op, or the spouse, parent, child, brother, or sister of an officer, director, or employee.

When an issue is sent to the Fining Committee, it is because the Board has determined to levy a fine. The amount of the fine will be determined by the Board in accordance with the powers granted by the Governing Documents and Florida law. As of the writing of these guidelines, the fines per violation have been set at a maximum of \$100.00 per day or \$1,000.00 in the aggregate for continuing violations.

If the Board has approved the levying of a fine, the Board will provide at least fourteen (14) days' written notice to the unit owner and, if applicable, any occupant, licensee, or invitee of the unit owner sought to be fined or suspended, and an opportunity for a hearing before the Fining Committee at a duly called meeting of said committee. The date and time of the hearing will be included in the notice. The alleged violator shall have a right to be repre-

sented by counsel and to cross examine witnesses. If the Fining Committee, by majority vote, does not approve a proposed fine, it may not be imposed. The role of the Fining Committee is limited to determining whether to confirm or reject the fine or suspension levied by the Board.

If the fine is confirmed by the Fining Committee, the Co-Op must provide written notice of such fine by mail or hand delivery to the property owner, and, if applicable, to any tenant, licensee, or invitee of the owner.

No further notice or hearing shall be necessary to enable the Board to levy fines for an uncorrected violation or violations, or for recurring or continuing violations substantially similar to violations for which a hearing opportunity was previously provided and that occur within one (1) year of the last date a previous violation occurred or was ongoing.

## **PAYMENT OF FINES:**

Fines shall be paid no later than five (5) days after notice of the imposition of the fine. In the event that the fine is not paid when due, the Co-Op may pursue legal action against the owner to recover the fine, as well as recover all legal fees incurred.

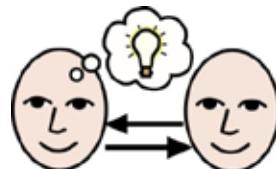

Nothing in this policy shall be construed to require the Board of Directors to initiate fining against a violator. The Board has the authority to determine the most effective enforcement approach on a case-by-case basis in accordance with Article 12.1 of the Bylaws. This decision is solely within the discretion of the Board of Directors. Consideration may be given regarding the severity and frequency of the infraction in determining the appropriate level of enforcement action to be taken. In the event such other means are pursued, the Co-Op shall not be required to comply with the procedures and provisions of this policy. Additionally, notwithstanding the above, the Board may forego sending the first and second notices in situations where public safety is a concern or in other exigent circumstances, provided that Florida Law is followed prior to levying any fine or taking any legal action.

This Compliance Policy was adopted by the Board of Directors on the 16th day of March, 2023 and is reflected in the minutes of the Association.

# Friendly Reminders

## Reminder – Yard Waste Pickup Requirements:

We are seeing an increase in unbundled yard waste at the curb for pickup. Please remember that Manatee County has specific requirements for pickup of yard waste. Yard waste will NOT be picked up unless it is prepared in one of the following manners:

### BAG IT:

You must use compostable kraft paper bags.

### BUNDLE IT:

- If you do not wish to use garbage cans or garbage bags, you must put yard waste in bundles no longer than four (4) feet in length.
- Bundles cannot contain branches larger than six (6) inches in diameter. Any branch larger than six (6) inches in diameter must be cut in half lengthwise, tied and bundled.
- Tie bundles with heavy-duty string.

### CAN IT:

- Yard waste can be in a 32-gallon garbage can (NOT recycling cart) or other containers. Yard waste must NOT extend above the top of the can.

Bundles, bags, or 32-gallon garbage cans must not weigh more than 50 pounds each. All properly prepared yard waste is picked up on **Wednesday**, except for holiday make-up schedules). For additional information regarding trash pickup, please visit [https://manatee-hosted.civiclive.com/departments/utilities/trash\\_and\\_recycling](https://manatee-hosted.civiclive.com/departments/utilities/trash_and_recycling).

**REMEMBER: All yard waste, recyclables, and garbage are to be placed on ONE designated side of the street.**

## Grass Recycling Is Important

We want to take a moment to remind you to practice "grass recycling" when your lawn gets mowed. Grass recycling (or mulching) means leaving clippings on your lawn. This

helps to make sure grass clippings do not blow into bodies of water or onto surfaces such as driveways, sidewalks, or streets, where they will eventually end up in the canals during rain events. Nutrients trapped in organic matter, such as grass clippings, leaves, and branches, can be re-released as pollutants when organic debris enters drainage areas, basin canals, and waterways. We all need to do our part to protect our waterways, and making sure to blow your grass clippings back onto your lawn is an important step. Please remind your lawn service to do the same. Thanks!

~CLIP AND SAVE~

## Co-Op Trash/Recycling/Yard Waste Pickup

**Yard Waste - Wednesdays**

**Solid Waste AND Recycling – Fridays**

**\*\*NOTE: As of 10/1/25, yard waste will NOT be accepted in plastic bags.**

# Tropic Isles' 2025-2026 Resident Phone Directories

If you have just returned to Tropic Isles and were not in the park in December when the Resident Phone Directories were distributed, please check with the Office or your Block Captain to receive your copy of the Directory. If you are listed in the Directory this year, you will have a Directory waiting for you (one per household). If you own your lot, but it is empty at this time, you are still entitled to a Directory for that address which you can pick up in the Office. TIPOA residents should call/text Elaine Faulkner at 941-723-9591 or email her at [cfaulkner2@tampabay.rr.com](mailto:cfaulkner2@tampabay.rr.com) for their copy of the Directory and to provide her with any changes that are needed.

Once you receive your new Directory, please check through the new Directory to see if your information is listed correctly. ## About CodeRED

In the instance where the City of Palmetto sent out a message telling residents that they needed to boil water, being registered with the City of Palmetto CodeRED system came in handy. It notified residents on the list of the issue and also when the boil water notice was lifted.

The City of Palmetto utilizes the CodeRED Emergency Notification System. This communication service can be used for Emergency and General Notifications via phone call to inform residents and businesses of certain events that may impact the safety of persons or protection of property. It also can be relayed through text message, e-mail, and smartphone application. All businesses and residents should register with the City's CodeRED system to ensure they can receive important and timely information.

The CodeRED system is FREE to you! Simply sign up on the registration webpage and select your preferred means of communication to begin receiving the notifications.

**You only need to register once. Re-registering may cause duplicate information in the system.**

- The only time you need to re-register is if you have moved and you wish to re-associate your phone with a different address.
- If your information changes, or you no longer wish to receive notifications, you are responsible to notify CodeRED of this change. CodeRED allows you to set up a managed account allowing you to login and update your changes.
- Visit [www.palmettofl.org/1348/code-RED](http://www.palmettofl.org/1348/code-RED) to sign up.

(The CodeRED Community Notification System is a best-effort notification and provides no guarantee that you will be notified during any system activation.)

# TRIVIA

## Trivia Tidbits

- An interesting fact about the human body is that the length of your arms is generally equal to your height. This ratio is often referred to as the "wingspan" and can be used as a quick reference for estimating a person's height. For most people, if you stretch your arms out to the sides, the distance from fingertip to fingertip will closely match your total height.
- It's a fascinating and strange fact that most people cannot feel if someone is licking their elbow. This phenomenon is due to the unique positioning and sensitivity of nerve endings in that area. The skin on your elbow, also known as the "wenis," has fewer nerve endings compared to other parts of your body.
- Wondering when those first grey hairs will appear? You might want to look at your dad's side of the family. The age at which you start to go grey is often inherited from your paternal lineage. If your dad or his parents began to see silver strands early in life, you might follow suit.
- According to experts, people who prefer sleeping on the left side are more likely to experience improved digestion and better heart health. This sleeping position aids the natural flow of waste through the digestive system, which can help alleviate heartburn and acid reflux. Additionally, it promotes optimal blood circulation, reducing pressure on the heart and enhancing its function.
- Our bodies are remarkable machines. Each type of food we ingest requires a different amount of time to process. For instance, a simple salad can breeze through our digestive system in just 30-40 minutes, while a complex meal of chicken and rice could take up to an hour and a half to fully digest. On the other end of the spectrum, indulgent items like beef and lamb demand a considerable three to five hours for our bodies to break down.

- Our tongue is not just a tool for taste, but a window into our well-being, with its color acting as an indicator of our health.

- The human body is at its weakest between 3-4 AM, a time often referred to as the "dead of night." This is when the body's vital functions, like heart rate and blood pressure, are at their lowest. Studies suggest that this is also the time when people are most likely to die in their sleep, particularly those with pre-existing health conditions.
- Ever wondered why you can't tickle yourself? It's because your brain predicts the sensations your body is about to feel and filters them out.
- Our heartbeats are not just vital signs of life; they're unique to each individual, like a fingerprint. This uniqueness is due to the slight variations in the shape and size of our hearts and the specific way electrical impulses travel through the heart muscle. These subtle differences create a heartbeat rhythm that is distinct for every person.
- Breathing might seem straightforward, but there's a hidden intricacy. We tend to favor one nostril over the other, alternating periodically. This subtle shift ensures the air we inhale stays moist, preventing lung irritation.
- Remembering is not just recalling; it's a creative process. Each time we revisit a memory, our brain subtly rewrites it, altering and shaping it over time. This means our cherished childhood memories might not be the exact replicas of the original events, but rather a reconstructed version crafted by the brain. It's a fascinating glimpse into how memory is not just storage, but an active, evolving narrative.

## Laughter is the Best Medicine!

- My wife said, "That's the 4th time you've gone back for dessert! Doesn't it embarrass you?" I said, "No, I keep telling them it's for you."
- It's been months since I bought the book How to Scam People Online. It still hasn't arrived.
- One good thing about being wrong is the joy it brings to others.
- I know a guy who is addicted to brake fluid. He says he can stop at any time.
- I stayed up all night to see where the sun went. Then it dawned on me.
- On average, rabbits live 8 years and dogs live 15 years. Turtles live for 150 years. Lesson learned. Live at the beach.
- Only in America....do drugstores make the sick walk all the way to the back of the store to get their prescriptions while healthy people can buy cigarettes at the front of the store.
- Only in America....do banks leave vault doors open and then chain the pens to the counters.
- Only in America....do they have drive-up ATM machines with Braille lettering.
- Only In America....do we leave cars worth thousands of dollars in the driveway and put our useless junk in the garage.
- Ever wonder why the sun lightens your hair but darkens your skin?
- Why don't you ever see this headline "Psychic Wins Lottery"?
- Why is it that doctors call what they do "practice"?
- Why is the time of day with the slowest traffic called "rush hour"?
- Why is abbreviated such a long word?
- Why isn't there mouse-flavored cat food?
- Why didn't Noah swat those two mosquitoes?
- You know that indestructible "black box" that is used on airplanes? Why don't they make the whole plane out of that stuff?
- If flying is so safe, why do they call the airport the terminal?
- I often get mistaken for an adult because of my age.

## Calling All Fishermen and Women!

Would you like to share a picture of your "catch of the day" from the nearby waters around Tropic Isles? Send it to [tibreezes1@aol.com](mailto:tibreezes1@aol.com) and it can be published in the next issue of the Breezes. Please include a sentence or two about where it was caught, size, and what type of fish it is!

It was a great day on the Gulf for Captain, Jim Gorton, Bill Clark, George Pennachio, and Bruce Vanden Boogaard. They caught seven red Grouper from 21 inches to 28 inches, plus approximately two dozen that they had to throw back because they were just under the legal size.

## Co-Op Board of Directors' Meetings

The Tropic Isles' Board of Directors usually meet **every third Thursday of the month at 9:30 AM**. You will be notified of the meeting via Mail Chimp prior to the meeting and given the Zoom link. The agenda is posted in the box to the left of the front doors at the Auditorium at least 48 hours prior to the meeting. All Shareholders are welcome to attend. Meetings and the agenda will be announced via Mail Chimp prior to the meeting.

**The next Co-op Board Meeting is January 15 at 9:30 AM.**

**HAVE YOU WONDERED HOW YOU CAN GET A TOPIC OF INTEREST ON THE AGENDA AS A SHAREHOLDER?**

A motion was unanimously passed at the August 19, 2021, Co-op Board Meeting to establish a procedure for getting items on the agenda based on Florida Statutes 718 and 720. The procedure is as follows:

*"The designation of the agenda for Board meetings shall be at the discretion of the President. However, the President shall be obligated to include any item on the agenda for a Board meeting, if requested reasonably in advance, and in writing, by two (2) Board Members OR where required due to a petition from twenty percent (20%) of the voting interest."*

## Submissions to the Breezes Newsletter

Submissions to the Breezes should be sent to Cindy Shaw at [tibreezes1@aol.com](mailto:tibreezes1@aol.com). The **deadline is the 10th of each month for the following month**. If you are unable to make a submission using email, call/text 608-212-8967 with your request. You can text or email your pictures, but they must be in jpeg format.

## Zoom Etiquette

Zoom meetings are now a staple in our day-to-day lives. Reliable, easy-to-use video platforms like Zoom have helped to restore the ability to hold meetings during difficult times. The challenges and benefits of Zoom meetings can be much different than in-person meetings. The advantage of virtual meetings is the ability to hold them almost anywhere and have more people participate from anywhere, but there are dos and don'ts associated with participating in a Zoom meeting.

### **ZOOM "BEST PRACTICES"**

1. You should try to attend the meeting from a quiet area that has a neutral background.
2. Eliminate distractions-- noises (dog barking, dishwasher, voices in the background, TV, etc.) and movement going on around you.
3. Wear proper attire—not your pajamas or go shirtless.
4. Avoid distracting behaviors—ironing, eating, moving around.
5. Don't do private things— brush or floss your teeth, shave, etc.

**REMEMBER: THE CAMERA SEES EVERYTHING AND EVERYONE ON ZOOM CAN SEE YOU.**

While we like to see everyone, you do not have to participate using video to attend a Zoom meeting. You do not have to have your camera on to see what is going on at the meeting either. Another option is to just cover up your camera lens at the top of the screen with a post-it note. If you choose to have your camera on, aim the camera 'straight' at your face (not from a position that looks up your nose) and try to follow the Zoom "best practices".

**Just a reminder:** In the chat portion of the Zoom meeting, remember to give your name and address when you ask your question. Questions can't be read without that information.

## Breezes Delivery

As you may know, our Tropic Isles' Newsletter is delivered by our wonderful and dedicated volunteer Block Captains. It is very hard for these volunteers to know where to place your newsletter if you do not have a designated spot by your door (rock, paperweight, doormat, etc.) that can hold your paper. The Block Captains cannot put the newsletters into your USPS mailbox, and we hate to leave them on the stairs or near your door on windy days as the papers end up all over the park. Please have a spot that is easy to figure out for your Block Captain to leave your newsletter. If you don't have a secure place, they may return your copy to the Office, and you can pick it up there at your convenience. Please don't forget to thank your Block Captain for the service they do. A list of Block Captains can be found in the front pages of the Resident Phone Directory.

## Cook's Corner

### CRANBERRY FLUFF

#### INGREDIENTS:

- 1 (12 oz. bag) fresh cranberries
- 1/3 cup granulated sugar
- 1 (8 oz. can) crushed pineapple-drained
- 1/2 cup pecans chopped (optional)
- 1 (8 oz. carton) Cool Whip thawed
- 2 cups mini marshmallows

#### DIRECTIONS:

1. Using a food processor or blender, mince the fresh cranberries. Pulse just a few times to achieve a relish consistency.
2. Transfer to a bowl and stir in the sugar. Cover and refrigerate the cranberry mixture for at least 2 hours or overnight. This will help soften and sweeten the cranberries, helping them become less tart.
3. To the sweetened cranberries, add in the crushed pineapple (drained of juice) and chopped pecans. Stir together well. Add the thawed Cool Whip and stir together until fully combined.
4. Fold in the mini marshmallows. Cover and refrigerate until ready to serve.

Thank you to all our wonderful superheroes who have donated blood at Tropic Isles last month. Just **one pint of blood can help save up to three lives** — a powerful reminder that a small act of kindness can make an enormous impact.

## Straight From the

Dear Tropic Isles' friends and former neighbors,

We want to extend to you our hope for a happy and blessed new year. We are both doing well and desperately trying to adjust to living in the north year-round. The cold weather and snow are not our favorite things, but we are getting sort of used to it. We forgot how you just stay inside and don't go out unless you have to!!

We loved our time living on Trinidad Way and enjoyed all the activities that we participated in, but our lives are much slower up here in Ada, Ohio. We live in a small, 520 sq. ft. log home on our oldest son's property and do enjoy being close to them.

We keep up with all of you and your activities by reading the Breezes every month. I so look forward to reading it. Cindy, you do a wonderful job of getting this ready for printing each month. It is amazing how many new names and faces we see in print. It is especially good to see these new names carrying on the events that take place. New faces and new blood are what keeps things going and interesting.

Stay positive, stay healthy, and enjoy all of your days in your little piece of paradise. We loved it there for 22 years and miss it terribly.

*May God bless you all,  
Jon and Becky Hiester*

## Does Your Home Have Good "Curb Appeal"?

Good "curb appeal" doesn't just mean your front yard and carport. It also covers all sides of your property. Many prospective buyers visit our park by water and see your property from the canal view. Does your backyard have items stashed back there that need to be removed or discarded? Are the weeds growing tall and your plants overgrown? Does the back of your home have mildew growing on it? Take a good look at all sides of your property and see what can be done to improve your "curb appeal" from the canal side as well as the street side. If you need some help, give Neighbors Helping Neighbors a call. Let's all work towards great "curb appeal", both on the street side and canal side. Thanks for all your efforts!

The TI Shuffleboard Club welcomes new and experienced players to join its free lesson series and tournaments. Lessons are led by expert players and are offered weekly starting in January, running for six weeks.

Roy Swartz and his team, Lorne Antaya and Diane Swartz, teach skills and strategy to new players. Beginners' lessons are held on Mondays from 1 PM usually wrapping up about 2:30 PM. All equipment that is needed is supplied by the TI Shuffle Club. The first beginner lesson is **January 5th**.

Dave Myers and his team, Dwayne Scruton and John Stuart, teach more advanced skills and strategy to experienced players. Intermediate lessons are held on Thursdays from 1:00 to 2:30 PM. The first intermediate lesson is **January 8th**.

Both groups permit players to join later in the series if you're unable to make the first sessions. Players who have participated in the majority of lessons are welcome to play in the Beginner or Intermediate Tournaments in the week following lesson wrap-up.

So, mark your calendars! Not only will you learn and practice new skills and strategies, you will have loads of fun and laughs. We look forward to seeing you on the courts. Contact Julie Bonenfant at 508-395-2019 with questions.

#### Yoga Classes

Hatha (Basic) Yoga classes are held on **Wednesdays at 9:00-9:50 AM** in the Dockside (main) Room of the Yacht Club with Dottie Gross and will run **through January 28, 2026**. Please bring your own yoga mat and water bottle. The cost is \$5 per session to be paid at the time of the class. This class is donation based, and all monies will be donated to the Activities Committee. Contact Dottie Gross at 770-855-9618 if you have any questions.

## Booster Meeting

"Everyone is a Booster!" The next meeting of the Tropic Isles' Boosters is scheduled for Friday, **January 2 at 9:00 AM** in the Auditorium. We meet the **first Friday of each month** in the Auditorium, November–April.

### BOOSTERS MEETING MINUTES OF DECEMBER 5, 2025

Call to order at 9:01 AM

Pledge of Allegiance

Prayer

No new attendees

Secretary Report approved

#### Financial and Event Management

#### Treasurer's Report:

\$17,380.31 is the checking account balance as of 11/7/2025. We paid for fertilizer, palm trees, and soil leaving a balance of \$12,249.49 as of 12/5/2025.

#### Thanksgiving Dinner:

The Thanksgiving dinner ended with a \$160 surplus added to the treasury after there were \$800 in expenses, showing better cost control than prior years.

- Judy Milliken maintained detailed purchase records from past years, enabling for easier budgeting the following year.
- Teamwork was highlighted as a key success factor, with multiple volunteers handling cooking and ticket sales, which supported smooth operations.
- Judy noted potential improvements like adding turkey legs to meet attendee preferences, signaling responsiveness to guest feedback.
- The financial success sustains community events without overburdening the budget, ensuring continued member engagement.

#### Apparel Sales and Volunteer Coordination

#### TI Apparel Sales:

- Chairman, Jean Volkens, resigned, prompting a call for a replacement to manage the revamped process, focusing on pre-sales rather than inventory holding.
- Moving to a pre-order system simplifies logistics and removes inventory headaches, improving operational efficiency.
- The Booster's board encourages interested volunteers or referrals to step up, indicating urgency in filling the role to maintain merchandise availability.
- This approach aligns with cost control and streamlining community fundraising efforts.
- Success depends on volunteer engagement and effective communication of the new system to members.

#### Community Projects and Volunteer Needs

Multiple community projects require volunteer support, with some coordination gaps identified:

- **Holiday lighting** lacked a dedicated coordinator, but was successfully completed by 12 volunteers, although more help is needed for setup and takedown going forward.
- The **Soup Supper** scheduled for **Friday, January 30th**, currently 4 more soups are needed. See **Sue Weaver** to sign up.
- Chairman Weber reported that **Don Denby and volunteers** planted 12 palm trees with 14 free trees remaining available via application, promoting community beautification efforts. Complete an application with the Office.
- The **Pancake Breakfast** on **February 17th** faces a volunteer shortfall after past volunteers elected not to help this year, but commitment remains strong to hold the event regardless. See **Don Stroud** to volunteer to help.
- Boosters Board members stressed the importance of grassroots recruitment to increase volunteer numbers and ensure event success.

#### Leadership Changes and Meeting Scheduling

The board is managing leadership transitions and scheduling to maintain governance continuity:

- Drew Doll resigned from the Boosters' board due to a potential conflict of interest with his Co-op board role, leaving an open director position.
- The Boosters' Board invites interested candidates to fill this vacancy to ensure active leadership.
- The next monthly meeting is scheduled for **Friday, January 2nd**, despite some members' absence, to maintain regular governance cadence.

#### Operational Communications and Support Requests

Efforts to improve communication and recruit volunteers for key roles continue:

- A call was made to include requests for help with **Apparel Sales** and **Christmas Decorating** in the Breezes newsletter to boost visibility and recruitment.
- The board recognizes the heavy reliance on volunteers to run events and projects successfully and is actively seeking to widen the volunteer base.
- Ongoing recruitment efforts aim to sustain community engagement and smooth event execution.
- Clear communication channels and volunteer acknowledgments are key to maintaining morale and participation.

*Respectfully submitted in the absence of our regular Secretary, Linda Doll, by Chairman Weber.*

## Tropicaires Variety Show

# ~ COMING EVENTS ~

It's that time of year again. The Tropicaires' first meeting will be held at the Auditorium on **Tuesday, January 6 at 9 AM sharp**. Come and see what we are all about. Talent comes in many forms, so bring your creativity, ideas, and enthusiasm. You can participate in many ways, other than performing. We need help with backstage coordination, as well as lighting and props. It is a terrific way to meet new people and have a good time as well. Please join us for this initial meeting. If you have any questions do not hesitate to contact me at 207-577-8933.

## Sailing Away!

### Tropic Isles 2026 Sailboat Races

Sailors and Friends,

Once again there will be sailboat races on beautiful Terra Ceia Bay. This will be our fifteenth year of handicapped racing. You are invited to participate in the 2026 series by racing your boat if you have a sailboat; or by crewing on someone else's boat. The races will be weekly events (weather permitting) and begin on the first Tuesday in January (**January 6**) and continue until the last Tuesday of March (March 31). The race will start at 1300 (1:00 PM). The courses may change to make life interesting and are designed for races of about one hour. These are fun races (aggressive sailing is discouraged).

You need not be a member of the TI Boat Club to participate.

- Entry is free.
- Boats are handicapped. The handicap is an attempt to compensate for differences in the boat's abilities.
- Main and Genoa sails only (no spinnakers).

A new list of those that wish to crew is being compiled and will be distributed to the skippers. Now is not too early to get on that list. Please understand, there are always more people that want to crew than there are positions available.

In past years, after each race, I wrote a little about the day's race or about racing or sailing in general, along with the race results, and emailed it out to a list of people that have indicated they would like to get it. If you would like to be added to that list, please let me know. If you are no longer interested, it is just as easy to decline.

Skippers that wish to compete, or those interested in these events, or those wanting more info should contact John Castellana. We're looking forward to a great race series.

## Entertainment Committee Meeting

The Entertainment Committee had a busy holiday season bringing many activities to the Community. We started out decorating the Auditorium after our monthly meeting. It was fun and our halls were decked!

We held the Christmas Dance with a new band, Bob & Tom - The Band, and a good time was had by all.

There was a Golf Cart Parade and it is always a fun time seeing all the smiling faces from both the carts and on the streets, watching and waving, and handing out goodies.

We had a Christmas Eve Social with great food, songs, and a chance for all to share a moment of the holiday spirit.

We ended the month with a New's Year's Eve Party.

## FEBRUARY

### Dogs, Inc. DONATION DAY

Our annual Donation Day and Hot Dog Roast to benefit Dogs, Inc. will be held on **Friday, February 6th**, in front of the Auditorium. We will also sponsor a "Thank You" party for everyone in the park on **Thursday, April 9th** in the Auditorium. If you are interested in becoming more involved with our fund raising efforts, please call/text Sue

Weaver at 716-450-5077 or email her at [smweaver2@stny.rr.com](mailto:smweaver2@stny.rr.com). Thank you all for supporting this worthwhile and heart-warming cause. We are hoping to raise enough money to name another puppy.

**SPECIAL NOTE:** Bob and Cindy Shaw were privileged to name a puppy in 2023 in honor of their much-beloved furry friend of 14 years, Auggie. Auggie "the guide dog", has been matched from the current Dogs, Inc. guide dog class, and will soon begin his journey home with his new partner! Congratulations, Auggie!

### Gardening Talk

Every year the Landscape Advisory Committee (LAC) hosts a gardening talk. Many residents have been asking about what to plant to attract butterflies, so that will be the subject of our presentation on **Monday, February 23, 2026**.

The talk begins at 1 PM in the Auditorium. The first 25 people will receive a ticket to pick up a free plant at the end of the talk.

Our special guest will be Susan Griffith of the University of Florida Institute of Food and Agricultural Science (IFAS) from the Manatee County Extension Service. Susan was a guest at our November 17 LAC meeting. We learned just how endangered butterflies are. In the most recent study in North America, 100 butterfly species have declined by fifty percent. The showiest butterfly that people are concerned about is the monarch. Susan will explain how to attract them, with a special caution about the Tropical Milkweed plant. That's the plant most commonly found in the big box stores. She stated that it needs to be cut back in the fall so that the monarch will fly down to Mexico as part of their natural life cycle. The last part of the February 23 talk will be a slideshow of the plants and shrubs that do well on our small lots in Tropic Isles.

The Tuesdays at 2:00 group gets together for cards and something to do. We meet in the Dockside Room of the Yacht Club. Everyone is welcome! We can teach you or you can teach us. We usually play for small change, so bring some dimes and quarters. If you are not a card player, the park also has some board games, or you can bring what you like to play. Contact Sherry Novak at 330-428-6005 or Sharon Wagner at 502-220-8557 if you have any questions.

## Tropic Isles Golf League (TIGL)

Happy New Year everyone from Ron and Gail Stewart! Wow, what a busy month December was! I'm sure you're all looking for a BREAK, and what better way than to come out to Terra Ceia Golf Club with our Tropic Isles Golf Group to relax and have fun.

We have 7 tee times and had trouble filling our spots in December. With all the people coming back into TI after the holidays, we should have enough players to keep our tee times. As you know, we play a scramble the 1st Wednesday of every month and our own ball on the other Wednesdays. Each week, all groups are selected from a blind draw so that we get to meet and play with everyone at some point.

November and December were fun and we intend to keep it going. The tee times start at 8:28 AM and the last tee time is 9:16. This is a fun, co-ed league with no pressure. If you don't have FUN, you can't come back! ☺ Hope to see you on the course!

Coordinators: Ron Stewart 207-641-5335,  
Gail Stewart 207-459-9548

## Live and Learn and Pass It On

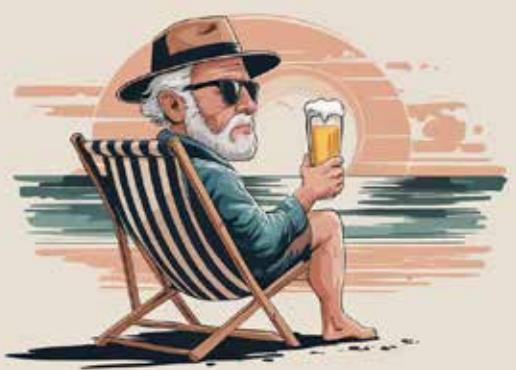

People, ages 5 to 95, share what they've discovered about life, love, and other good stuff.

- I've learned that fame is written in ice and eventually the sun comes out. -age 57
- I've learned that talking about your problems doesn't always help. -age 15
- I've learned that I don't understand women and I never will. -age 84
- I've learned that kind words and good deeds are eternal. You never know where their influence will end. -age 51
- I've learned that goldfish don't like Jello. -age 5
- I've learned to be generous with praise, but cautious with promises. -age 54
- I've learned the faults I have now are exactly the ones my parents tried to correct when I was a child. -age 40
- I've learned that to get the right answer, you have to ask the right question. -age 39
- I've learned that the best tranquilizer is a clear conscience. -age 76
- I've learned that many people give up just when they are about to achieve success. -age 48

## Quotes Regarding Life

- You only have one birthday. The rest are just congratulations for surviving.
- The number of people older than you never goes up . . . it only goes down.
- Confidence isn't, "They'll like me." It's saying, "It will be fine if they don't."
- The world wasn't better when you were young. You were just too young to notice the flaws.
- There are far too many people in the world who don't realize they're the bad guy.

## Rule of the Month

### HAVE YOU READ YOUR RULES LATELY?

This is a reminder that the Rules and Regulations are in effect and being enforced. All residents and their guests are expected to know and abide by these rules. If you need of a copy of the current Rules and Regulations, you may go to [www.tropicisles.net](http://www.tropicisles.net) to view or print a copy online.

#### Guest Parking

When Tropic Isles is in full season, guest parking is always a challenge. If you have overnight guests and you do not have sufficient parking for them at your home, Tropic Isles has several areas for temporary guest parking. Unfortunately, our parking facilities are limited. If you have a need for temporary overnight parking for your guests, please come into the Office to get a parking permit. At that time, we will assign you an area for your guest to park. Temporary permits are issued for parking for up to 48 hours. If your guest arrives on the weekend, they can park at Bimini Point or the north parking lot of the Auditorium, unless there is an event happening in the Auditorium. Please come into the office on Monday morning to get a temporary permit. **Do not park on empty lots, on the grass, in other people's driveways without their permission, or on the streets overnight.**

#### 1.5 Parking (taken from page 43 of the Rules and Regulations)

- Each Resident is permitted no more vehicles than can be accommodated by their carport, driveway, or assigned parking.
- All vehicles must be parked parallel to the carport. Parking across the end of the driveway by Residents is prohibited.
- No vehicle may be parked in such a manner or location to impede visibility around any intersection/corner or stop sign.
- **PARKING AND/OR DRIVING ON THE GRASS IS NOT PERMITTED ANYWHERE IN THE COMMUNITY**, except as described in Section Parking Vehicles in the RV Section.
- Any area not designated (grass, stone, vacant lots/pads, etc.) as a parking or driving surface may NOT be used by any vehicle.

## Pool Etiquette

If you enjoy spending time at the pool, please remember these few simple things:

***The State Health Department requires all persons using a public pool or hot tub/spa to shower immediately before entering the pool and hot tub/spa.***

***The State Health Department rules also regulate food, beverages, and glass containers as follows: Food and beverages are prohibited in the pool and on the wet deck area, except:***

- Commercially-bottled water in plastic bottles is allowed on the pool wet deck for pool patron hydration. (NOTE: The pool wet deck is defined as the four-foot-wide unobstructed pool deck area around the outside of the pool water perimeter, curb, ladders, handrails, diving boards, diving towers, pool slides, waterfalls, water features, starting blocks, planters, or lifeguard chairs.) **NO food or beverages are allowed IN the pool or hot tub/spa, OR within 4 feet of the water.**

- All glass containers and products are prohibited in the fenced pool area or within 50 feet of an unfenced pool. **NO GLASS CONTAINERS!**

Other reminders to help make your time at the pool enjoyable for everyone:

- Children's hours at the pool are 11 AM to 1 PM and 4 PM to 6 PM.**
- Please dispose of the cans, plastic bottles, and trash in the receptacles provided for you.
- If you are a smoker, please smoke in the designated "SMOKE BREAK AREA" **outside** of the fence.
- Please remember to put down the pool umbrellas when you are through using them and return your noodles and water weights to their proper location. Leave no trace.
- Use a towel to protect the chairs from sunscreen.
- Dogs, golf carts, bikes, smoking, and glass are NOT allowed in the pool deck area.
- Remember to be considerate and respectful of others.
- Please keep your music (use earbuds) and conversation levels LOW so as not to disturb others.
- Disorderly conduct, public intoxication, and profane language will NOT be tolerated.**

## Hot Tub Alert !

When using the hot tub timer, please let it run its course on the time. If you try to shut it off midway through its timed cycle, it will break the timing mechanism and then be out of service until it can be fixed. Thanks for your cooperation in this matter!

## Remember to Shower Before Entering the Pool

The **State Health Department** and our Rules and Regulations [7.5 Shower](#) state:

***The State Health Department requires all persons using a public pool or hot tub/spa to shower immediately before entering the pool and hot tub/spa.***

This is not just Tropic Isles' rule 7.5 Shower, it is a **Health Department Rule**. All you need to do is rinse off and quickly rub your skin to remove any oily residue. It keeps the pool and hot tub/spa cleaner. No shampoo or soaps are permitted in the pool or hot tub/spa deck area.

The shower at the pool is located near the fence on the west side of the pool near the boat docks.

The new shower has a showerhead, wand, and foot spout. There are 2 round control knobs. The bottom knob turns on/off the water. The top knob has three positions. Turn the knob to produce water out of the foot spout at the bottom, out of the shower head from the top, or remove the wand for directed use on your body. When you are finished, be sure to turn off the water flow to all areas of the shower.

Since November 18, 2021, there has been **No Smoking** in the swimming pool/hot tub area (inside the fence). This includes e-cigs and chewing tobacco in addition to cigarettes, pipes, cigars, and marijuana. The new "designated Smoke Break area" is located on the south side of the Yacht Club in the grassy area. It is set up with a table with benches and ashtrays for your convenience. Please use the ashtrays provided! Thanks for your cooperation!

Also, please remember that there is **NO SMOKING** within 20 feet of the Auditorium and Yacht Club buildings.

## Marina — Exciting News!

### NEW! Floating Fuel Dock

By Rick Kropp, Marina Manager

We're excited to share that our Marina now has a brand-new fuel dispenser and a newly rebuilt fuel dock. The old pump had been slowing down and was headed for failure due to hurricane damage, so this upgrade couldn't have come at a better time. The new pump delivers fuel faster and more reliably than the old one, making fill-ups smoother for everyone.

Our new fuel dock is also a bit larger—a couple of feet longer, and the inside slip is about a foot and a half wider. This extra space makes it much easier for wider boats to tie up safely and comfortably.

A quick reminder for those using the boat ramp:

- Please secure the cable when you're finished.
- If the cable continues to be left unsecured, we may have to limit access to the ramp for Marina hours only.
- Keeping it hung properly helps everyone, so thanks for doing your part!

Thank you all who support and frequent the Marina!

## Boat Launch Permits ~

Any resident who launches their boat from the boat ramp at the Marina must have a launch permit. **Permits are provided free to Residents.** Please pick up a boat launch permit at the Marina. The staff at the Marina will have each resident sign for a new permit because the new permits are numbered and are assigned to a specific resident. This permit should be affixed to your boat and displayed where it is clearly visible to the Marina staff. If you are a resident launching your boat at the Marina, temporary parking is available for your vehicle/trailer with a parking permit from the Office. Contact the Office for parking details.

## Kayak-It-Yak News

Join the Kayak Group This Season!

The Kayak Group paddles on Wednesday mornings starting at the kayak launch behind the Auditorium at 9 AM. We all gather at Bird Island at 9:30 and decide where to go depending upon the weather and tide conditions.

If you have any questions or want to get on the kayaking email list, contact Beverly Butts at [beverlybutts@gmail.com](mailto:beverlybutts@gmail.com).

## Kayak Launch Clean-Up

Many thanks to this wonderful crew: Chuck Harding, Dennis Foley, Hans Ulrich, Don Diller, Sue Weaver, Monique Marlow, Doug Welnetz, Bev Butts, and the Webers: Janet and Denny with their "beast", aka their gas-powered pressure washer with rotating spray head. The launch "gleamed" when we were done!

## Kayak Launch Use Reminders

If you are using the Tropic Isles' kayak launch, please make sure to do the following:

1. Read the directions if you are not sure how to use the launch.
2. Make sure you sign out and erase your name when you return.
3. When you lower the ramp, do not undo both ends of the rope. Undo one side, lower the ramp, and then cleat it off.
4. If no one else is signed out when you return, please lift the ramp out of the water.
5. If the ramp has debris on it, please hose it off.

Your help in taking good care of our launch is appreciated.

## Kayak Rack Storage

Check with the Office about availability on the racks.

Yearly rental prices are \$75 for a top rack and \$100 for a bottom rack.

**REMEMBER TO LOCK YOUR KAYAKS TO THE RACK!**

### FOR RESIDENTS WHO STORE THEIR KAYAKS ON THE RACKS AT THE LAUNCH:

Be advised, kayaks may only stay on the racks, if YOU are here in the park. **If you are leaving for an extended period of time, please store your kayak in your shed or home where it can be safely secured, especially during hurricane season.**

# Mobile Home Park Residents

## **DISMANTLED OR DESTROYED**

If you have dismantled or destroyed your mobile home in Manatee County, go to [www.taxcollector.com](http://www.taxcollector.com). At the bottom of the website page under "Plan Your Visit", click on FAQ. Then under the "search by" category, click on Mobile Home. Click on "search" and scroll down to view your results.

## **DECAL RENEWAL PERIOD**

**The registration period for mobile homes is January 1st through December 31st. The annual expiration date is December 31st.** It is the responsibility of the mobile home owner to renew their decal(s). When renewing decals, if you have a single-wide mobile home you will be issued one decal. In the case of a double or triple-wide mobile home, one decal will be issued per side. Regular mobile home decals (on colored backings that rotate color each year) are issued to mobile homes on rental property. These decals expire every year, or every 2 years if renewed biannually. Any attachments to the mobile home are considered personal property. Real Property, or RP, decals (on black backings) are issued to an individual who owns both the mobile home and the land on which it is permanently set up. These decals do not expire and are not required to be renewed.

## **DISPLAYING DECALS**

Decals are to be displayed in the lower left-hand corner of the window closest to the street or road which provides access to the mobile home. Decals are to be visible at all times and are not to be covered by awnings, shutters, foliage, etc.

## **HOW DO YOU RENEW?**

To renew, visit [taxcollector.com](http://taxcollector.com) 24 hours a day, 7 days a week, or visit one of our four offices.

***If the Mobile Home owner fails to renew their decal(s) they will receive a Notice of Impending Court Summons.***

# Architectural Review Committee (ARC) Procedure

ARC approval is needed for ANY improvements that happen outside—on your home, dock, or lot. The ARC procedure is as follows:

1. ARC application forms are available in the Office and on the website [www.tropicisles.net](http://www.tropicisles.net). Fill out an ARC application and submit it to the Office. Make sure to include diagrams, drawings, or photos as needed. If possible, please show the neighbor's homes and the distance from each. Include the labels N, S, E, and W directions on your diagrams.
2. All applications must be logged in at the Office and assigned a date for review by the ARC Committee or 3-COR.
3. The ARC approval process begins with a preliminary review by a 3-person team, referred to as 3-COR. Simple improvements and replacement issues may be approved by this group and not require a review by the full ARC committee.
4. The ARC Committee needs a week to review the application and go to the lot before the next meeting date. If there is not enough time to do this, you will have to wait for a future date.
5. You will be notified when your request is placed on the agenda for an ARC meeting. 3-COR Meetings are held the 2nd and 4th Wednesday of the month at 9:30 AM. ARC Meetings are held on the 1st and 3rd Tuesday of the month at 9:30 AM in the Auditorium. You are encouraged to attend the meeting.
6. After the meeting, you will be notified, by phone or in writing, as to whether your request is approved or denied.
7. If denied, you can appeal the decision to the Board of Directors, if you so choose.

8. **To obtain a permit from the City, you must first receive the Architectural Review Application approval, signed by the ARC committee and the Manager.**
9. **You must also provide a copy of all required permits to the Office.**
10. **BOTH THE ARC APPLICATION AND THE CITY PERMIT NEED TO BE POSTED ON THE FRONT OF THE HOME BEFORE THE WORK CAN BEGIN.**
11. **NO WORK should begin on your project until your final approval letter from the Office is received.** If you fail to get ARC approval for your project before you begin, you may be asked to deconstruct it and/or a fine of **\$100** can be imposed. Contact Steve Tourtilotte at 860-682-7656 with any questions you may have.

## Out and About ...

I wanted to send a picture of my husband, Mike Thompson's, white-tailed buck he got this season on our hunt lease in Swainsboro, Georgia! It was a really nice one and we are very proud that all his hard work paid off! Keeping the freezer full is our goal!
