## PRACTICAL INNOVATION. INTUITIVE SOLUTIONS.

The side sliding sectional door has been developed for use in applications which have limited head room. This innovative solution consists of 42mm insulated panels and operates with a trip free threshold. Available in Micrograin, Duragrain and the Silkgrain finishes, this door can be automated and has the convenience of a custom handle for easy pedestrian access.

### 42-MM SANDWICH PANELS

The 42-mm-thick, PU-foamed sandwich panels are characterised by excellent acoustic and thermal insulation, in addition to good door leaf stability and smooth running.

## SILKGRAIN

L-ribbed / M-ribbed

Thanks to its elegant door appearance, the fine smooth Silkgrain surface finish is the first choice for modern architecture. A 50 % thicker exterior steel sheet on the panels delivers stability and a true flat and smooth finish.

## WOODGRAIN

M-ribbed / S-ribbed / Panelled

This classic and traditional profile consists of an authentic sawn timber textured finish to the face of the door. Available in a broad range of colours, this versatile design is sure to compliment your home.
