Have you ever left the house in the morning and thought, "Did I remember to close the garage door?"

Smart Door Solutions.

An open garage is an open invitation for unwanted entry so it pays to know that you can control your door while you are away from home with B&D®. Smart Door Solutions allow you to monitor and control your garage door while you are at work or even on holidays from your compatible smart phone*.

Best of all, Smart Door Solutions are available for some of our best selling Rolling and Sectional style garage doors.

* Subject to cellular and WiFi connection and availability.
Note - Kit includes Smart Hub & accessories. Phone not included.

B&D® Smart Hub

B&D Smart Doors are a great solution for today's lifestyle.

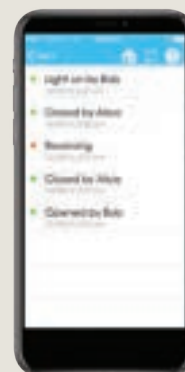

YOUR SILENT ALARM

The B&D® App features real time notifications alerting you whenever your door is operated, opened for an extended period of time or when your opener is in need of a service.

CUSTOMISATION

The B&D® App can be customised to suit your lifestyle. From partial opening modes to restricting door access times, your protection and security is a priority.

ACTIVITY LOG

You can view usage history on the App so you know who has operated your garage door and when.

TOTAL CONTROL

The B&D App allows authorised users to operate the garage door without a remote. Give access to as many users as you like or remove access at the click of a button.

CONTROL MULTIPLE DEVICES IN DIFFERENT LOCATIONS

Through the App, you can control multiple garage doors and compatible gates in more than one location (eg. your home garage door and holiday home garage door).
