

Whitefield House

Fine Residential Care Home

Set within a beautiful Victorian property and idyllic grounds, Whitefield House is a family run residential care home which offers many aspects of care to support the independence of its residents in later life.

The atmosphere throughout the home is one of a welcoming family environment within a beautiful building, benefiting from a blend of modern and traditional furnishings.

Care & Support

Residential Care

Residents quickly become part of our extended family, and this is helped by developing a comprehensive individual care plan, that is designed to meet any specific preferences and ongoing needs. This person-centered approach to care means that our residents retain a feeling of control over how they live, by being involved in decisions about their day-to-day life.

It is evident when visiting that we strive to deliver a feeling of independence, happiness, and comfort within our beautiful care home. We encourage all our residents to remain socially active through a range of activities organized by our team and invite family members to join in the fun.

Respite Care

We understand that everyone needs a break from time to time and we can offer Respite care.

This service also allows the gradual introduction to a care home environment and helps put loved ones needing support at ease knowing their visits are for a limited period of time.

Day Care

Our day care service provides an opportunity for elderly loved ones to visit, meet new friends and join in the care home activities whilst knowing that they will return home later in the evening.

This option gives carer's a chance to take a short break or to concentrate on their own needs.

For the individual being cared for, it offers an opportunity to experience new surroundings and meet new friends within a safe environment.

Facilities

Accommodation

We can accommodate 37 residents across 37 bedrooms which are single en-suite. All are beautifully furnished to a high standard, many with garden views, some with direct patio access.

We invite our residents to bring familiar pieces of furniture with them for their new rooms to make them feel at home.

The Victorian character of the property is evident in some of the communal rooms where we have a number of beautiful spacious lounges, some that give access to a secure patio area. We also have quiet areas and an elegant dining room.

The property has an enclosed garden which offers peace and tranquil surroundings all year round.

Food

Should family and friends wish to join residents for a meal we will happily accommodate the request to ensure our residents feel that Whitefield House is their home.

Mealtimes are an important social and enjoyable experience for our residents.

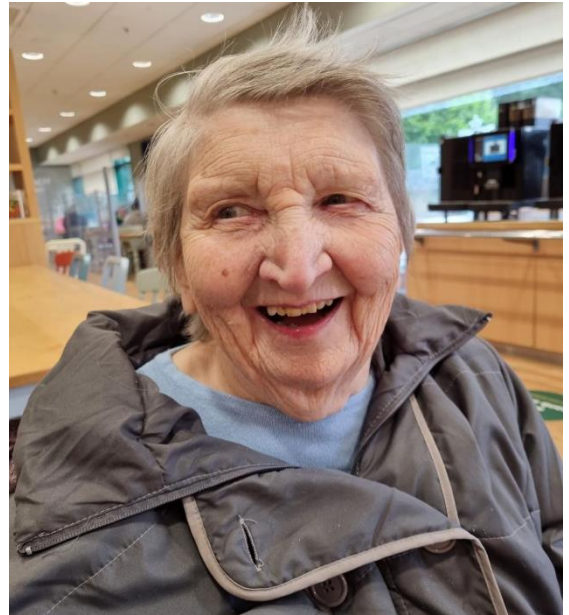

All meals are home-cooked by our catering staff using fresh produce. We design our menus to cater for our residents' expressed preferences, dietary and nutritional needs.

Activities & Community

We offer our residents a wide range of activities which includes, visits to local areas of interest, musical entertainment, games, and other themed events. We also organise activities for family members to join in and be part of the fun.

Morrisons Café

We are lucky to have a local Morrison's café just a short walk away. It's a lovely stop after a nice stroll through the area to finish off with some homemade baked goods and warm tea or coffee.

Local Walks

We are lucky to be located close to several places of interest.

These vary from historic buildings such as the beautiful "Stand Church" to one of our residents' favourites, Slattery's chocolatier.

Escape to the Disco!

Each week we escape to the disco which is led by DJ Jed.

The weekly meet provides an opportunity to connect with others from around the county and loved ones abroad via zoom, the session is supported by one of the Empowered Conversation team members.

In – House Activities

At Whitefield house we provide a lot of in-house activities for our residents to enjoy. These can range from flower arranging to playing a game of dominoes.

We also celebrate all kinds of events and celebration days. We theme the home and the food for that special day!

Productions and Performers

We provide entertainment throughout the year including musicians and theatre productions. We book these productions for different event days we host, such as Christmas, Halloween, Easter. We also welcome singers any day of the year to come and perform for our residents to have a sing – a – long.
