## Grace Notes

### My Timing Prayer

I remember the day I first prayed my Timing prayer. I was leaving a weekend retreat, and had just missed the final session. "Too bad," I was told, "it was fantastic."

I felt such profound regret. It was not the enthusiast's fault (in the end, it was a gift). But this ruined my day. I had missed out by squandering time on a random conversation. Driving home, I took the opportunity to castigate myself for ALL my failures.

This ruined day, however, set me on a path of Praying for Timing. Still, years later, when I'm wondering how to initiate an important conversation, or make a decision, I'll pray for Timing. A simple prayer - I just say the word to myself or to God (who's always listening). Often I'm surprised how things unfold.

And what about the forgotten conversation that made me miss the great session? I don't remember who I was with, and have no idea what it might have meant for them. Maybe, beyond my knowledge, the timing was perfect.
Try it sometime?
