

FIELD SERVICES

AIR EXCHANGER

AIR EXCHANGERS

FIELD SERVICES INCLUDE:

PERFORMANCE ENHANCEMENTS:

Upgrade airflow systems and drive components to boost efficiency and meet evolving operational demands.

PREVENTIVE MAINTENANCE:

Regular inspections, cleaning, and component checks to prevent unexpected failures and extend equipment lifespan.

EMERGENCY SUPPORT:

Rapid response for troubleshooting and repairs, minimizing downtime and maintaining productivity.

START-UP & COMMISSIONING:

Ensure optimal performance from day one, with adherence to industry standards and a 6-month extended warranty.

OPERATIONAL SUPPORT

IMPROVEMENTS

We can elevate your equipment's performance to align seamlessly with your ever-changing requirements. Through enhancements and upgrades, we empower you to leverage the latest advancements in technology, ensuring your equipment maintains peak performance.

SUPPORT

Assistance is readily available whenever you need it. Our expert team can resolve many issues promptly through email or over the phone communication. If necessary, experienced troubleshooting specialists can be deployed to address any challenges firsthand.

NAAX NOW ALSO SERVICING PLATE HEAT EXCHANGERS

Clean PHE

Dirty PHE

COMPREHENSIVE SERVICES:

- **Plate Pack Services**
On-site removal and replacement of plate packs, with off-site cleaning and preparation for reinstallation.
- **Leak Detection & Repair**
Thorough inspection for leaks, with prompt repair to maintain system integrity.
- **Performance Optimization**
Addition of plates to enhance heat transfer efficiency and meet increased process requirements.
- **Integrated Service Visits**
Simultaneous servicing of both air coolers and PHEs, streamlining maintenance schedules.

MAINTENANCE

By adhering to timely and proper maintenance practices, you can unlock enhanced performance and lower operational expenses, ultimately extending the lifespan of your equipment.

START-UP

We initiate the operation of your equipment seamlessly and securely, adhering to industry standards. Our commitment is to optimize your equipment's performance, ensuring it operates as designed. This is why we offer a 6 month extended warranty upon purchase of start up and commissioning.
