

Vision25
144 High Street
Stockton-on-Tee

Dear John,

Thank you so much for your generous donation of **£300**—we're truly grateful for your support!

At **Vision25**, we work with amazing young people aged 17 and over who have learning difficulties and/or disabilities. Our goal is to help them grow in confidence, develop independence, and feel included in their community—and your donation goes a long way in helping us do just that.

Your support helps us run a wide range of activities, including:

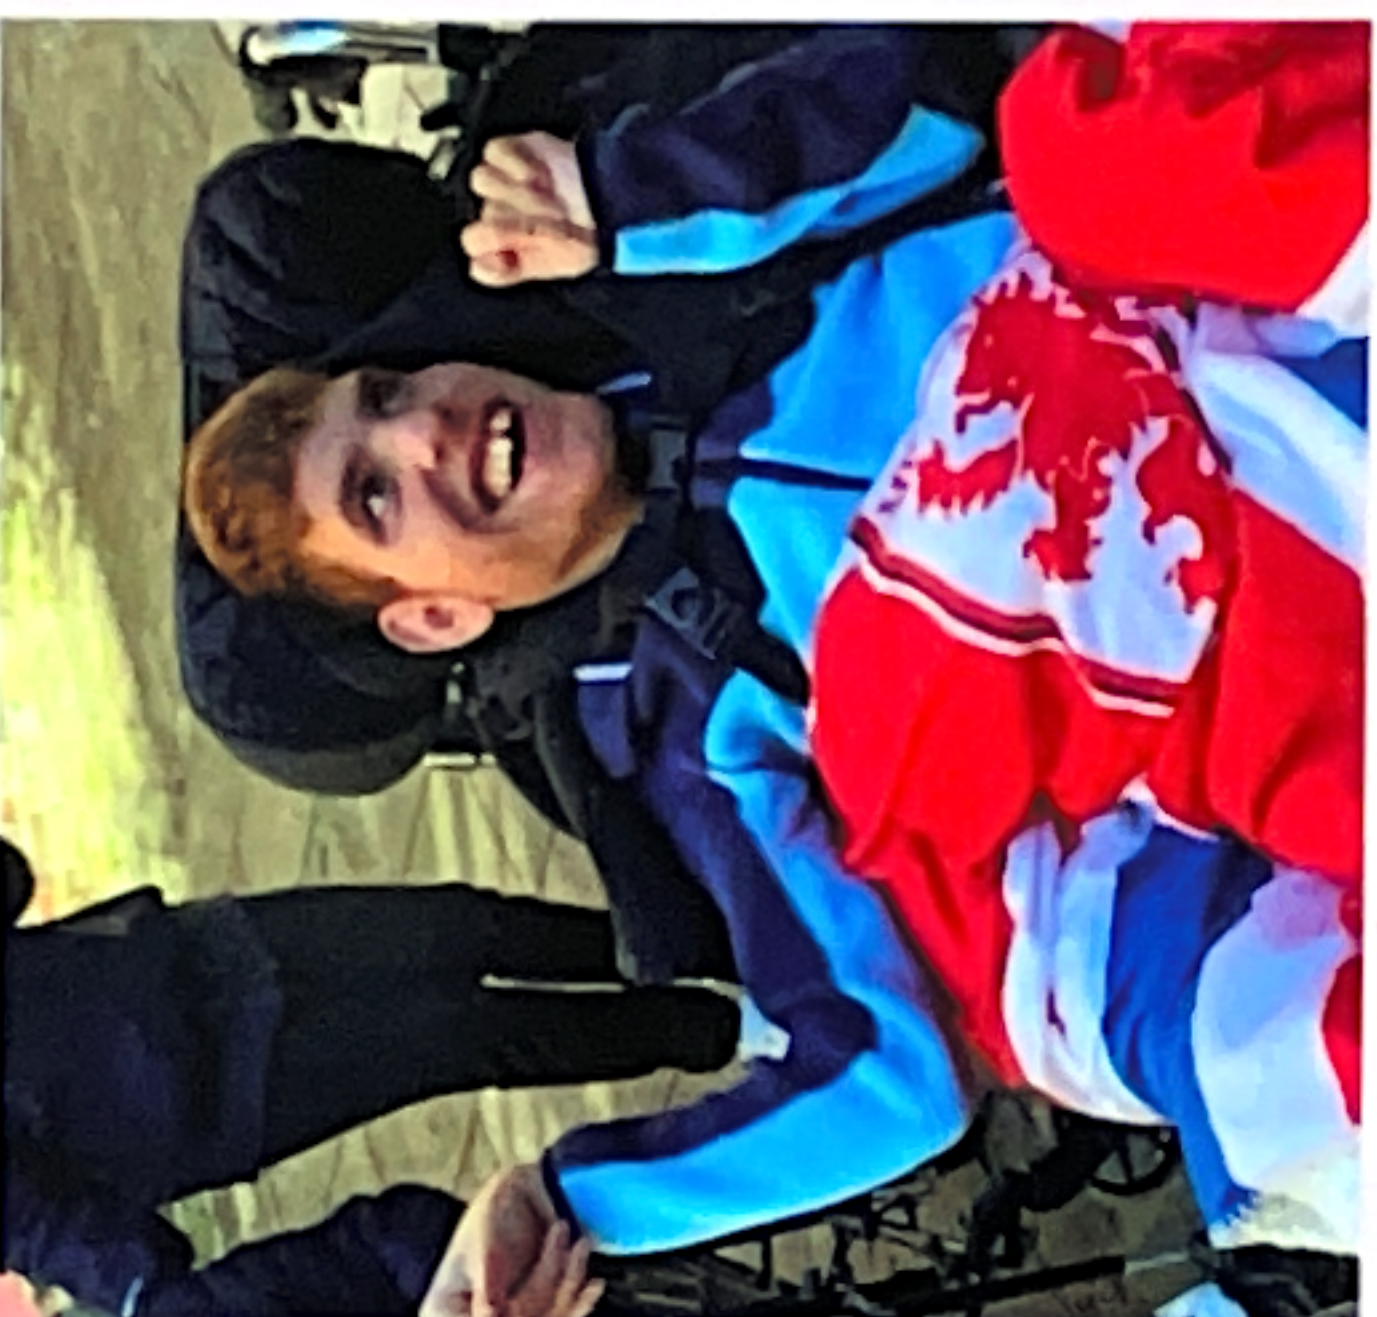

- Life skills sessions, like cooking, budgeting and using public transport
- Health and well-being workshops, helping our young people feel good physically and emotionally
- Community projects and work experience opportunities, so they can build confidence and feel part of something bigger
- Small group support, so everyone gets the attention and encouragement they need to thrive

Thanks to you, we can keep creating a positive, supportive space where every young person is seen, heard, and given the chance to shine.

We really couldn't do it without kind people like you—so once again, thank you!

Warm wishes,
Jen and all at Vision25
