RULES

All players must be present at the time stated, otherwise they will be disqualified from the competition. Each game comprises best of three legs, each of 701 up. Start and finish on a double (bull counts double 25). In first and third legs, the toss of a coin decides who goes for bull first, nearest bull throws for double first. Alternate team throws for double first in the second leg. Throw rotation must be strictly adhered to once decided. No substitutes after start of game.

Note: If, when throwing for the bull, the dart of the person throwing bounces out, then another dart may be thrown until one remains in the board. If the person throwing knocks their opponents' dart out of the board, then that person who has just thrown will win providing their dart remains in the board. If both darts are knocked out, then both players must throw again in the same order.
