HOW TO PREPARE FOR YOUR ROACH SERVICE

- Empty all kitchen cabinets. Remove and empty all drawers (the stove drawer too) of all food, dishes, cookware etc. Put everything on the table or floor area away from the walls, and cover with a sheet or blanket to protect from the pesticide.
- Clear counter of all appliances except Microwave.
- Remove all items from on top and above cabinets.
- Wash all cabinets, cupboards and drawers thoroughly before service.
- Remove all items from the **bathroom** medicine cabinet and vanity.
- If you have pests in closets, bedrooms, or storage areas, empty these places as well.
- Please plan to vacate your apartment for a minimum of one hours following service.
- **PETS: FISH** - cover tank, unplug air pumps and cover with a towel or blanket. **DOGS, CATS, TURTLES, HAMSTERS, BIRDS (any pet)** must be REMOVED from the unit during treatment. Cover and store all PET FOOD AND DISHES.
- Once your apartment has been serviced **DO NOT USE ANY PRODUCTS OVER WHAT WE APPLY.**
- Do **NOT** wipe up the bait we apply. It is okay to put dishes back in the cabinets after 1 hour.
- Keep things cleaned no dishes, crumbs or food lying out. Make sure all surfaces are always clean.

**Remember EVERYONE including PETS must vacate the premises during the service treatment.
Please plan to leave for 1 hours.**
