

## INT 0536-2024

### **Title:**

A Local Law to amend the administrative code of the city of New York, in relation to requiring certain retail food stores to post notices on the food donation web portal concerning the availability of excess food, and arranging for the transportation and retrieval of such food.

### **Sponsors:**

Justin L. Brannan

### **Committee:**

Sanitation and Solid Waste Management

### **Summary:**

This bill would require certain stores that sell food for off-premises consumption, such as grocery stores, to post notices on the food donation web portal regarding excess food they have available for donation, at least once per month. Stores would also be required to arrange for the retrieval of the food that they are donating and to arrange for the transportation of such food if requested by the recipient. The bill provides an exemption for stores that have agreements in place for the donation of food on at least a monthly basis. By December 1 of each year, the Department of Sanitation or other city entity designated by the Mayor, would be required to submit to the Mayor and the Speaker of the Council a report detailing the results of a yearly review of available food on the web portal and whether that available food is expected to meet the demands of city residents in the coming year.
