The STAR Program is designed for young skiers who have mastered the basics and are ready to take their skills to the next level as they work toward mastering the mountain. Designed for ages 5 (by December 1, 2025) to 12, this program helps skiers build the skills and confidence to ski all types of terrain and any ski area. Through a fun and structured progression, skiers will complete and master specific tasks/skills to advance through each STAR level. By the time skiers complete the program, they will be considered an advance skier-ready to take on everything from groomed trails to glades with control, technique, and style. Those in the STAR program are committed to 14 sessions.

Star Student pre-requisites: SEASON PASS is Required Plus the program cost

- Student must have the ability to ride the chairlift without assistance.
- Student must be able ski a variety of snow conditions.
- Student must have the ability to ski intermediate "Blue" trails.
- Student must have completed Level 6 of the Little Colonel program or higher, completed Level 5 in our Superpass program, or demonstrate comparable proficiency.

Lesson Times

9am -11am and 12:00 - 2pm.

WARNING TO SKIERS AND SNOWBOARDERS: Downhill skiing, as other sports, contains inherent risks, including but not limited to the risk of personal injury, including catastrophic injury or death or property damage, which may be caused by variations in terrain or weather conditions or surface or sub-surface snow, ice, bare spots or areas of thin cover, moguls, ruts, bumps or other persons using the facilities; or rocks, branches, forest growth, debris, roots, stumps, or other natural objects or man-made objects that are incidental to the provision or maintenance of a ski facility in New York State. New York State law imposes a duty on you to become apprised of and understand the risks inherent in the sport of skiing, which are set forth above, so that you may make an informed decision of whether to participate in skiing notwithstanding the risks. New York also imposes additional duties upon you, to which you must adhere, for the purpose of avoiding injury caused by any of the risks inherent in skiing. A complete list of these responsibilities are posted at the area under the New York State Industrial code rule #54 (safety in skiing) If you are not willing to assume all of these risks and abide by these duties, you must not participate in skiing at this area.

Willard Mountain strongly suggests the use of a helmet at all times while skiing and riding.
