Deepening Your HANDLE Paradigm An Advanced Integration Course for HANDLE Level 1 & 2

Presented by

Parzival Therapies

*in Association with The **HANDLE**® Institute www.handle.org*

Expand your understanding. Strengthen your observation. Deepen your practice.

This course is designed for individuals who have completed **HANDLE Levels 1 and 2** and are ready to deepen their understanding of the HANDLE Paradigm through guided exploration, discussion, observation, and practical application.

Please note: This is not a HANDLE Institute Certification Course.

The focus of this course is on applying HANDLE principles with individuals experiencing mild to moderate challenges. It is not intended to prepare participants to work with significantly involved individuals.

Many of the concepts introduced in this course overlap with the material presented in the Level 3 Course. Should you choose to continue your learning with Level 3 through Parzival Therapies, the full tuition paid for this course will be credited toward your Level 3 registration.

What you will Explore

Throughout this 16-week course, we will build upon the knowledge gained in Levels 1 and 2 by exploring:

- A deeper understanding of the foundational concepts of the HANDLE Paradigm.
- The organization, interaction, and support of the Systems within the HANDLE model.
- Developing your powers of observation to recognize what behaviors may be communicating about an individual's needs, strengths, and areas of support.
- Identifying well-established Systems that provide resilience and stability.
- A more in-depth review of the activities introduced in Levels 1 and 2, including:
 - when and why to use them
 - how to adapt activities to meet individual needs
 - recognizing subtle responses and meaningful changes
- Expanding your ability to feel, observe, listen, think, and most importantly, to be fully present with another person.

This course emphasizes thoughtful practice, curiosity, and developing confidence in your clinical observations.

Is This Course Right for You?

If you have completed HANDLE Levels 1 and 2 and find yourself wanting a richer understanding of *why* the activities are effective, *how* to recognize what each System is communicating, and *how* to thoughtfully adapt your work for the individuals you support, this course was created for you.

Together we will continue developing the qualities that make HANDLE effective.

Observe deeply. Listen carefully. Think thoughtfully. Respond gently. Be fully present.

Enrollment is limited to 12 participants to provide a highly interactive and personalized learning experience. We look forward to learning together.
