CORE VALUES

WE BELIEVE in individualized care and support for every member of our school community.

WE LOVE and dignify children by listening to them, valuing the whole child, honoring their inner guide, and providing the most optimal environment for them to become empowered, inspired and engaged.

WE SUPPORT diversity, empathy, tolerance, transparency.

WE PROVIDE developmentally appropriate experiences and expectations so our children can bring out that which is already within them, instilling a life-long love of learning.

WE FOSTER independence and creativity in the learning process, empowering all to fulfill their highest human potential.

WE CREATE a physically and emotionally safe environment by practicing patience and openness that invokes discovery and harmony with each other and the natural world.

To exemplify these values, we must:

NURTURE relationships and build community through communication based on trust, honesty, kindness and transparency.

BE COMPELLED by integrity, cooperation, collaboration, compassion and service to others.

HONOR our individuality, respect our differences and inspire each other with candor and courage.

CONSIDER our impact beyond the classroom, including in our community and in our natural environment.
