HEALTH REMINDERS

The best way to reduce the spread of germs is to keep kiddos home if they are sick. A child with the following conditions must stay home and rest:

- Fever (100.4 +) within 24 hours
- Medication within 24 hours
- Runny nose or heavy nasal discharge that cannot be contained (except for allergies)
- Rash
- Unusual crankiness
- Vomiting
- Diarrhea
- Ear or Eye Irritation that causes extreme discomfort

Please notify our Director, Lesley Diaz via call, email, or Brightwheel Admin message if your child is diagnosed with any illness, as we must notify other families to monitor for any possible symptoms.
