	Waverley	W	2			Waverley has ADHD, and it presents mainly in her inability to slow down. Recently, she's been put on medication, and this seems to have helped quite a bit. She might have trouble with transitions. The best two options, if she's not moving, would be a physical prompt (such as gently touching her arm when giving an instruction) or assigning her a responsibility, like leading a line or a similar task. When she's given something to do, she often locks in and takes it very seriously!
	Edie	D	SK	Colouring, crafts, singing, dancing hockey, soccer,		Edie wears glasses but other than that no disabilities. She is shy at first but opens up quickly. She does get embarrassed easily if she thinks she's being watched or laughed at. Something we are working on to build her confidence which is why we wanted her to join this camp!
