

CRAFT | Monday T-Shirts

Theme: Belonging

This activity is more than just a colourful craft—it's a reminder that we each bring something unique to the group, and together we make something beautiful. Just like the shirts, each of us starts the same—but when we fold them differently and add our section's colour, we see how our individuality contributes to a greater picture.

No two shirts will look exactly alike, just like no two campers are the same. But when we all come together—each person using their gifts, welcoming others, and caring selflessly—we reflect the unity God calls us to in Psalm 133:1.

Each section will fold their white VISTO shirts in a unique way and tie them with elastics. They will then use their section's dye colour to decorate the shirts, reinforcing their unique role in the greater camp community.
