

CRAFT | MONDAY T-SHIRTS

Objective

God is creative—and everything He makes is good! This week, we'll explore how you can be creative just like God. He has given each of us gifts and talents, and every part of our story can be used for good. This activity celebrates the fun and freedom of expressing that creativity.

Theme Tie-In

Just like we each come up with different designs and styles for our shirts, God has created each of us uniquely. We are made in the image of the most creative Creator—so it makes sense that we're creative too! Whether through art, dance, music, leadership, or kindness, our creativity reflects God's goodness. This activity reminds us that even play can have purpose—and that every colour, shape, and splash is part of a bigger story God is telling through us.
