INSTRUCTIONS - BINOCULARS

- **Build the Base:** Take two toilet paper rolls. Tape or glue them side-by-side to create binoculars
- **Add the Lenses:** Cut two small circles of colourful cellophane. Place over one end of each roll. Secure using tape or a small amount of hot glue (leader assisted)
- **Wrap with Felt:** Use self-adhesive felt to wrap around the binoculars. Press firmly to secure. Mix colours or create patterns for a custom look
- **Decorate:** Add gems, pipe cleaners, and foam shapes. Use markers to add details:
 - “spy markings”
 - buttons
 - patterns
- **Add the Neck Strap:** Punch one hole on each outer side. Attach the adjustable strap to either side. Adjust length to sit comfortably around the neck

INSTRUCTIONS - SPY WATCHES

- **Attach the Watch Face:** Attach the wooden circle through the slappy bracelet using a Chicago screw
- **Create the Watch Face:** Decorate it using acrylic markers, gems, and foam shapes. Add details like:
 - numbers
 - symbols
 - “mission buttons”
- **Add Detail/Personalize:** Use additional foam shapes and gems to build out the design on the slappy bracelet. Optional: add pipe cleaner pieces or string for extra texture.
