

GAME | DREAM JOB DISASTER

Objectives:

Your group has been hired for a dream job... but something has gone terribly, hilariously wrong! This week we've been learning that dreams don't always unfold the way we expect, but God can still use challenges, surprises, and setbacks for good. Work together to create a short scene showing the dream job, the ridiculous problem, and how your team solves it. Be creative, be dramatic, and have fun! Create a short improv scene showing:

1. The dream job
2. The ridiculous challenge
3. How the team works together to solve it
