

FRIENDSHIP IS THE FORMULA

From: Sofia the First

When life gives you a riddle but
won't give you a clue
And solving it yourself is way too
hard to do
Well you may find that the answer
lies right in front of you

and you and you and you and you
and you

'Cause you don't have to be a
scientist to see
What we can accomplish with good
chemistry
A team of friends can figure out any
mystery

If you have something tough to do
just gather up a friend or two
'Cause friendship is the formula just
me plus you and you
Yes it's the easiest of tricks
just add a friend into the mix
That's all it takes to fix mistakes
Just me plus you and you

If you have something tough to do
just gather up a friend or two
'Cause friendship is the formula just
me plus you and you
Yes it's the easiest of tricks
just add a friend into the mix
That's all it takes to fix mistakes
just me plus you just me just me
plus you plus you
just me just me plus you plus you
