

# I AM CREATIVE

By: Tiny Big Minds

When challenges come I find my  
way  
With bright ideas, I shape my day  
My imagination guides me through  
I am creative in all I do

I am creative, I am creative  
My mind is clear my heart is free  
I am creative, I am creative  
Limitless possibilities

With colours, shapes and dreams I  
weave  
New ideas bloom as I believe  
Through every spark my vision flows  
I am creative, this I know

I am creative, I am creative  
My mind is clear my heart is free  
I am creative, I am creative  
Limitless possibilities

Each problem's a chance for me to  
grow  
To explore new paths and let it show  
With every thought my light shines  
through  
I am creative in all I do

I am creative, I am creative  
My mind is clear my heart is free  
I am creative, I am creative  
Endlessly, wonderfully ME (shout ME  
at end)
