Olio | The Joy Machine

SONG: Everything is Awesome (from The LEGO Movie)

Prop: Joy Goggles – Goggles decorated by Olio campers

Lights up. Some Olio campers are lined up at the back of the stage with Joy Goggles on, moving like a machine very slowly and unenthusiastically. Crew leaders enter with another group of Olio campers behind them

Crew leader 1: Okay... this is not good.

taps machine

This is the **Joy Machine**, and it's supposed to be bubbling with joy and excitement, but right now it's stuck on ... "Blah Mode".

Olio campers in the machine line say 'wahn wahn'

Leader 2: It says: "Low Joy Detected."

Leader 1: That can't be right. There are tons of good things around us. Let's test it.

Leader 2: Alright friends, what are things that bring you joy?

Campers with the leaders call out answers (friends, family, pizza, sunshine, camp, etc)

Leader 2 presses a button. Olio students as machine beep slightly happier.

Leader 2: Okay... that helped a little.

Leader 1: But it looks like the machine runs on something bigger than just good things.

reads a label

It says: "**Powered by Gratitude.**"

Leader 1: Turns out joy grows when we notice the good things we've been given. We just need to put on our **Joy Vision Goggles** to see it all around us!

Campers with Crew Leaders put on their Joy Vision goggles

Now, when I point to you, shout out something you're thankful for.

ACTING ROTATION | ACTING

Olio | The Joy Machine

Kids shout answers

Examples:

“Friends!”

“My family!”

“Camp!”

“Sunshine!”

“God!”

Machine lights up more each time.

Leader 2: Look at that! When we stop and remember what we’re thankful for... something changes. Joy starts to grow!

Machine suddenly whirs loudly and moves excitedly

Leader 2: Whoa... the meter just jumped to **FULL JOY MODE!**

Turns out when people come together, celebrate their friendship with Jesus, and choose gratitude...

looks at machine

...the machine says life becomes more...

Olio Campers: AWESOME!
