

GAME | BUILD THE WALL

Theme: Nehemiah Rebuilding the Walls of Jerusalem - Nehemiah 2:11-20

Nehemiah brought people together to fix a broken wall. It wasn't easy—but everyone worked hard and didn't give up. In this game, you'll hunt for puzzle pieces and then build the tallest wall you can! It shows how your ideas, effort, and teamwork have a purpose—and God can use you to build something strong!

Purpose: Offering campers a variety of game play options (allowing for campers who love puzzles and building to really take on a leadership role). Also allows campers the chance to show off their creativity skills!

- 25 rolls of duct tape
- Markers
- Stickers
- Stamps
- Ribbon
- Wrapping paper
- 5 buckets (to store supplies in for crews)

Instructions

Numbered puzzle pieces will be hidden all around camp which crews will be trying to collect. When they find a puzzle piece, somewhere nearby they will see a clue for where to find the next puzzle piece (a zoomed in photo of the next location). Once crews have collected all 12 of their puzzle pieces, they will head back to the basketball court to put their puzzle together. Once assembled, they will see a hidden message written across it. From the message, campers will know that they need to head to the soccer field where there will be an array of boxes (different sizes) duct tape, markers & scissors, and crews will work together to create the tallest, strongest, most creative wall they can using all of the boxes provided. They will have the remainder of the time to create their wall. The team with the tallest, strongest tower in the end wins.
