	Josephine	N	4	12-6-16			She can be shy and slow to warm but she is absolutely lovely. Thrives on positive reinforcement
	Maddex	H	5	3-1-15	dancing, singing, playing video games, lego. He is currently in hip hop dance and first year in K2K		He was recently diagnosed with ADHD so we are working to understand his diagnoses and what things we can do to help him deal with his emotions when things come up. He can sometimes over react in situations when he feels like he's being teased, or sometimes when he's playing a game and loses or a sport where he doesn't do as good as others. So we have been working with him through play therapy, some school assistance and extra help through Oxford Learning.
