Interested Bidders – Questions & Answers

RFP: Vehicle Wraps

To ensure fairness and transparency in the Request for Proposals (RFP) process, all bidder questions must be submitted in writing to the designated procurement contact by the deadline specified in the RFP.

All submitted questions, along with the official responses, will be compiled and published in a centralized location accessible to all prospective bidders. This ensures equal access to information for all bidders and eliminates the possibility of unequal or preferential communication.

Bidders should not rely on verbal statements, informal discussions, or individual correspondence as official guidance. Only the published written responses will be considered binding and authoritative.

Question 1:

Are vehicles available for measurements and photos?

Date Received: 24 September 2025

Response:

Yes. Vehicles included in the wrap roster will be available to bidders for measurements and photos by appointment, according to the following schedule:

- **Saturdays and Sundays:** 8:00 AM – 3:00 PM
- **Monday through Friday:** 5:30 PM – 7:30 PM

Bidders are responsible for obtaining their own measurements and photos to ensure the accuracy of information used in their proposals and in accordance with their standards.
