Sun 2<sup>nd</sup> May (B) Depart Livingstone (LVI) 13:25 arrive 15:20 Jo’burg JNB, Overnight Airport Hotel

## **Departure not including Victoria Falls**

Sun 2<sup>nd</sup> May Depart Sydney (SYD) 09:30 am, arrive Johannesburg (JNB), South Africa at 15:40 (B\*,L\*)

Transfer to Airport Hotel for overnight. dinner tonight will be a quantum leap over aircraft food.

Monday 3<sup>rd</sup> May (B) Depart Jo’burg (JNB) at 08:00 arrive 09:45 Port Elizabeth (PLZ) S.A. (B)

At Port Elizabeth airport we will meet our transfer company driver who will organize our road travel to three unique Game Reserves. Each reserve offers a totally different environment, climate and variety of wildlife. From the ocean to snow-capped mountains, we will explore the best that South Africa’s East Cape has to offer. Located on vast tracts of wilderness, these three fabulous “BIG FIVE” Game Reserves and Lodges offering superb levels of service, cuisine & luxury, will be our homes for the next eleven days.

### **Quest Tours Unique Guarantee:**

**“There will be only TWO persons on each bench seat of the game vehicles.”**

**This is essential to ensure that everyone in each game vehicle has a side or “window” seat to allow unobscured viewing of the wildlife, for the best experiences possible.**

Mon 4<sup>th</sup> May (B) Depart Jo'burg (JNB) at 08:00 arrive 09:45 Port Elizabeth (PLZ) S.A

Our transfer company will safely drive us the 3-4 hours to Mount Camdeboo. Following check-in, we will have time to settle in, explore the fabulous accommodation, the two-17th century Dutch Manor Houses, our luxury rooms, dining room, then meet in the courtyard for lunch / high tea by the swimming pool

Late afternoon we set off on a 3-hour game drive up on the plateau, returning to the Manor for dinner

This is to be our home for the next FOUR nights. (B,HT,D)

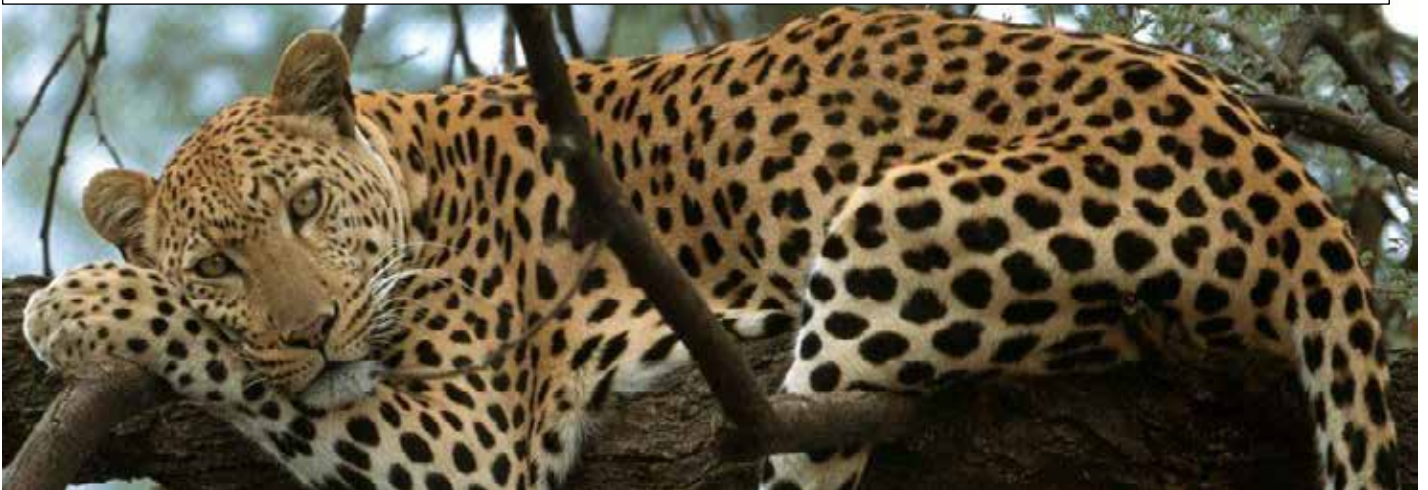

Each day whilst we are on safari in the three game reserves our pattern of activities will be the similar early coffee and rusks, game drive with a break for coffee and pastries,

Return to the lodge for a sumptuous breakfast, relax or enjoy other activities, probably best to avoid lunch, then high tea around 2:45pm before afternoon game drive with a break for traditional sundowners, beer, cider, wine and nibbles.

After sundowners and as dusk falls, we may be lucky enough to witness the thrill of a lion-hunt or watch as a family of hippo emerge from the water for a night of grazing. As nocturnal life begins to stir, return safely to the lodge to freshen up, before a superb evening meal where we can relate and share stories of our day's adventures and experiences.

**There are SEVEN opportunities for food every day, definitely best to avoid lunch!**

Leopards are one of the "Big Five". Leopards are also reclusive, allusive, nocturnal hunters, and if you are lucky, you may see one during the day resting up a tree, so always check-out substantial trees with wide limbs.

A male Leopard weighs around 95 kg, and can lift 1.5 times his body weight, say, a prey 140 kg antelope on one claw, whilst climbing up a tree with his other three claws.

A Leopard may be under that low bush that you were considering "peeing" behind. So, DON'T, OK?

Mount Camdeboo invites you to share its people's love for this sometimes harsh, yet always spectacularly beautiful, vast land of contrasts. What started out as one family's dream has evolved into the creation of a family of a different kind. Managers Richard and Daron Slater - supported by an exceptionally loyal, friendly and hardworking team - welcome guests to Mount Camdeboo. Not as strangers, but as long forgotten friends. During our 2016,/18/19/24, visits here, we travelled up onto the high plateau, overlooking the Manor houses in the valley. From here you can clearly see a measured 170 klms down the valleys towards the sea, in the other direction a distant snow-capped mountain marked the Game Reserve's boundary

As part of our stay at Mount Camdeboo we will be treated to 2 game drives per day, alternating between the high plateau, and the (bit less height) low plateau; drives average about 3-hours each, at optimal wildlife viewing times, namely: pre-dawn & sunset. The vehicles used on the Reserve are purpose-built, game viewing Land Rovers. They are SABS safety approved and are equipped with seatbelts, a shade canopy and drink holders. Given that the Camdeboo Manors are nestled in a valley, the game drives typically start with a breathtaking climb up the mountain slopes, then on to the plateaus above where the animals graze and the world unfolds at your feet,

Mount Camdeboo have introduced more of the traditional species back into the reserve Elephant, Lion and elusive Leopard have all been added, and Camdeboo has now gained Africa "Big 5" status.

The highly knowledgeable and experienced game rangers will try their best to make sure you see our "Camdeboo Favourite 5", breeding cheetah pair, rare white rhinos, giraffe, almost extinct mountain zebra, and "Crazy Gnu" whome, when startled by their blond manes & tails, leap and spin in circles

## Friday 7<sup>th</sup> May Mount Camdeboo to Pumba Private Game Reserve

After breakfast, we will bid farewell to our friends at Mount Camdeboo and set off with the transfer company for a 3 ½ -hour drive to Pumba Private Game Reserve

Gauze and sliding glass doors open onto a private plunge pool, the glass-enclosed chalets provide the illusion that there's nothing separating you & the surrounding bush, ensuring a true African Safari feel. Four poster beds complete with dreamy white mosquito nets & en-suite bathrooms allow you to become one with nature in the lap of luxury. On a still day, open the doors & listen to the sounds of nature.

Experienced rangers maximize every opportunity to ensure exceptional viewing during your game drive and walks on this vast, established 6,500-hectare game reserve.

Excellent sightings are enjoyed on game drives across the open plains of the reserve. Expect to see lion, elephant, rhino, buffalo, cheetah, hippo, giraffe, hyena, zebra, warthog and many species of antelope.

Large herds of plains game, including eland, gemsbok, springbok, wildebeest and zebra, are all found on this reserve

Pumba boasts diverse vegetation, five biomes: savanna grassland, valley bushveld, fynbos, riverine forest and acacia woodland.

With little or no light pollution, night at Pumba is an opportunity to 'hear the silence of Africa', star gaze at the Southern Hemisphere's Milky Way, identify Orion's Belt, The Southern Cross and Scorpio

### THE WHITE LIONS of PUMBA

In Africa, in this diverse cultural and mystical land steeped in African beliefs and secrets, you will be enchanted, fascinated and a changed person when you leave.

White Lions are regarded by African Shangaan tribal elders as the most sacred animal on the African continent, carrying the eternal essence of native African wisdom and a message of crucial importance for all humanity. They believe that the birth of a white lion is a gift from the ancestors, its presence ensuring peace and prosperity for all in the tribal lands.

Tribal members feel that they can walk safely amongst the white lions, protected by the Spirit Guides that they believe are present in the lions.

### Monday 10<sup>th</sup> May – Pumba to Kariega Private Game Reserve – The Homestead

After an early morning game drive, depart Pumba, travel 40-minutes to Kariega main gate, here we check-in at Kariega Game Reserve Reception, then 4WD transfer to the wilderness and the fabulous 4/5 Star “The Homestead” situated on the southern side of the road to the town of Kempton on Sea, that divides Kariega.

Our party of TWELVE will have **EXCLUSIVE** use of the entire Homestead for the next **FOUR** nights.

We will have the services of our own hosts, chefs, barman, game drive vehicles and game rangers. All bedrooms are king twin / double with ensuites. After checking-in, we will enjoy “high tea” before setting out on the first of our 3-hour game drives. (B,L,D)

The Homestead Dining Room, Outdoor Lounge and Bedroom Suite

In the evenings, relax and sit back to simply enjoy the sights and sounds of the African bush within this unique environment. \* The Homestead is fenced separating guests from the wildlife.

The grunt or roar of a lion passing by will certainly get your attention, as you realize that you are really out in the wild. It is common to see herds of various antelope everywhere in the reserve

Elephants are also often encountered each day, whilst out on our morning or afternoon game drives

This family owned "Big FIVE" Private Game Reserve stretches across 10,000 hectares of pristine wilderness and is home to some of the richest biodiversity in Southern Africa, as well as the picturesque Kariega River.

Experience close-up viewing of the Big 5 – lion, elephant, rhino, leopard and buffalo. There is an abundance of indigenous wildlife spread across this vast tract of wilderness, ensuring an authentic safari experience at this spectacular game reserve

Your journey in Africa now continues in Cape Town, one of the most beautiful cities in the world. We have the opportunity to enjoy tours of the highlights of Cape Town and surrounding districts.

In Cape Town we always use the great services of our tour partners there, and we trust them to introduce us to their city, its’ surrounds and the hidden gems that are often only known to locals.

The must do cable car ride to the top of Table Mountain, Muizenberg, Kalk Bay Station, Fish Hoek, Simon’s Town – here there is a penguin colony and great seafood, so maybe make this a lunchtime stop, take the cable car to Table Mountain in the morning or afternoon, depending on best weather window.

A visit to the Cape of Good Hope and the encompassing National Park, and the university town of Stellenbosch and the nearby wineries and Sunday markets at Kirstenbosch, are all must do’s.

We will be staying near the V & A waterfront, and it is here we will be able to enjoy a vast selection of shopping and dining experiences, as well as the Two Oceans Aquarium
