Re: Letter of Recommendation

To: Whom it may concern

JGA roofing systems was hired to install a Duro-Last roofing system over the Rio Hondo Elementary campus this past May of 2025. The system was installed according to manufacturer plans and specs. The district was in dire need of roof repairs and this system made the project both affordable and timely. The project manager kept me very well informed on deliveries as well as work being performed. We met several times at the project to view the work being performed as well as explaining all of the added benefits of using the Duro-Last product. Noise was kept to a minimum as school was being held and a loading location was used, which did not disturb our staff. Overall, we are very happy with JGA roofing systems and recommend them highly. Please let me know if you have any questions.

Xavier Hernandez
