

Learning Intentions

Tyfu enables you to add learning intentions from your medium term planning and link them to What Matters statements and progression steps. Learners and parents/carers can be allowed to access their current learning intentions and upload evidence of their success in a range of different forms, and teachers can do the same. This evidence can later be approved and linked to the relevant learning intentions, and both the learner and teacher can indicate when they feel that a learning intention has been met. Next steps can be generated from your planning, and an overview of progress can be seen at learner, group (e.g. FSM), class and cohort level. This aspect of Tyfu allows you to engage learners and parent/carers, understand the gap between what has been taught and what has been learned, and monitor progress effectively.

Bwriadau dysgu

Mae Tyfu yn eich galluogi i ychwanegu bwriadau dysgu o'ch cynllunio tymor canolig a'u cysylltu â datganiadau Yr Hyn sy'n Bwysig a champau dilyniant. Gellir caniatáu dysgwyr a rhieni/gofalwyr i gael mynediad at eu bwriadau dysgu presennol ac uwchlwytho tystiolaeth o'u llwyddiant mewn ystod o wahanol ffurfiau, a gall athrawon wneud yr un peth. Gellir cymeradwyo'r dystiolaeth hon yn hwyrach a'i chysylltu â'r bwriadau dysgu perthnasol, a gall y dysgwr a'r athro/athrawes fel ei gilydd fynegi pan fyddant yn teimlo bod bwriad dysgu wedi'i gyrraedd. Gellir cynhyrchu camau nesaf o'ch cynllunio, a gellir gweld trosolwg o gynnydd ar lefel dysgwr, grŵp (e.e. prydau ysgol am ddim), dosbarth a charfan. Mae'r agwedd hwn o Tyfu yn eich caniatáu i ymgysylltu â dysgwyr a rhieni/gofalwyr, deall y bwlch rhwng yr hyn sydd wedi'i addysgu a'r hyn sydd wedi'i ddysgu, a monitro cynnydd yn effeithiol.
