Moreover, supporting multiple platforms enables us to reach a wider audience, which benefits you as a school. It means that our app is available to learners and parent/carers no matter what devices they have. So, whether you're an iOS enthusiast, an Android aficionado, a Windows loyalist, or someone who loves the convenience of using apps on the web, we've got you covered. Tyfu is here to cater to your preferences, offer a consistent experience across platforms, and enable you to engage learners and parents/carers in the learning journey.
