REFURBISHMENT BEFORE & AFTERS

DOES YOUR GREEN RESEMBLE THE "BEFORE" IMAGES? IF IT DOES, IT REQUIRES MORE THAN JUST MAINTENANCE; IT NEEDS REFURBISHMENT. IF YOUR GREEN IS COVERED IN MOLD, MOSS, AND ORGANIC DEBRIS, WE CAN POWER WASH AND REMOVE THE BUILDUP, ADD FRESH INFILL, ROLL IT OUT, AND REVITALIZE IT. THIS PROCESS CAN BE TIME-CONSUMING, AND THE COST VARIES BASED ON THE SIZE AND EXTENT OF ORGANIC GROWTH.

REFURBISHING, EXCESSIVE CLEANINGS, REBUILDS, AND REFURBISHMENTS MUST BE QUOTED PER JOB - ON AVERAGE THEY RANGE IN COST FROM \$2,000-\$5,000 (DEPENDING ON SIZE)
