## A step above... in Quality, Selection, and Design

### ***Quality***

All our products are manufactured from the highest quality materials and undergo meticulous examination to ensure only the best products reach your door. We believe strongly in the quality, integrity, and reliability of our products and offer a lifetime warranty on all Jeffrey Alexander decorative hardware (see page 214).

### ***Selection***

Jeffrey Alexander offers 60+ patented and original collections plus a variety of industry-standard designs in a wide range of styles and finishes. With extended lengths as well as appliance handles available in many of our collections, there's something for everyone.

### ***Design***

Inspiration comes from the latest styles in interior design to the newest fashion trends on the runway. That inspiration is creatively transformed into beautiful hardware for any kitchen, bath, or home project. Our designs are heavier in weight with solid or flat backs, not hollow backs, adding a touch of luxury while providing a comfortable feel in your hand.

DB809-GRY	Elara hardware on Designer Grey display board, 16"W x 11"H

**3 pull sizes offer 2 center-to-center options**

Shown in Satin Bronze

## BOUNDLESS

Elara's chic, European style brings a fresh, upscale perspective to any room. Mix bold round knobs with elegantly curved pinch pulls for boundless design possibilities.

### *Design Idea*

Create a snag-free space (like in closets and laundry rooms) by choosing pulls that have feet that touch the face of the cabinet instead of having an overhang.

### EDGY

Edgy with undiluted style, Larkin is making its statement. The classic beveled bar pairs perfectly with its fierce squared foot to create a look that will complement any style of cabinetry. Captivate and inspire with five solid finishes or opt for something moody and expressive with four mixed options.

**Display Description**

DB800-GRY Leyton hardware on Designer Grey display board, 16"W x 11"H

Shown in Matte Black

## DISTINCTIVE

Leyton's relaxed yet distinctive asymmetrical silhouette is fun and flexible. An ideal complement to mid-century modern design with its clean lines and gentle curves, this pull collection also harmonizes with contemporary design's straight lines and geometric shapes.

### *Design Idea*

For a bold, modern feel, use gold-tone hardware on black cabinets.

\*18" appliance handles are packaged with 10-24 x1" and 10-24 breakaway screws.

## REGAL

The regal presence of Marie adds subtle grandeur to any cabinet with its elegant swooping lines and jewelry-like cuff detail. Adapted from a Jeffrey Alexander classic, this pull features a soft arch that discreetly adds extra hand clearance without being imposing—making it perfect for aging in place and ADA needs. Marie brings instant sophistication to any kitchen, bath, or closet.

## COMFORTABLE

Subtle curves, a broad profile, and square feet make Merrick's simple strap pull anything but boring. A comfortable choice for various cabinet styles, this pull family's versatility makes it a popular preference.

### *Design Idea*

When using two contrasting cabinet finishes, choose the same finish for knobs and pulls to tie everything together, or opt for various finishes that complement the cabinet color, adding more personality to a space.

## DEBONAIR

Thoughtfully balanced lines blend with a boldly stepped profile in Renzo, resulting in a strong and debonair presence. Revitalizing the admired cup pull with its modern squared shape, this adaptable collection enhances the look of almost any cabinet style while adding functionality with its dual-hole mounting options.

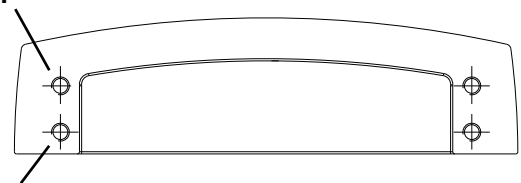

### *Design Idea*

Pair Renzo's cup pulls with Richard's standard pulls or appliance handles to create a modernistic and refined presence in any space. Find the Richard Collection on pages 96–97.

Shown in Satin Bronze

**Center mount:** use when the mounting holes are positioned in the center of the drawer front

**Lower mount:** use when the mounting holes are positioned lower on the drawer front

Shown in Satin Nickel

## MODERNISTIC

The combination of a stately stepped profile and structured soft-square shape gives Richard an air of modernistic magnificence. Long balanced lines are echoed in both its pulls and knobs, adding charisma to any style cabinet it is coupled with.

### *Design Idea*

Pair Richard's standard pulls or appliance handles with the Renzo cup pulls to create a modern, debonair presence in any space. Find the Renzo Collection on pages 94–95.

Display	Description
DB802-GRY	Zane hardware on Designer Grey display board, 16"W x 11"H

Shown in Brushed Pewter

## UNEXPECTED

The square bar pull structure with dashing strap detail of Zane is an unexpected and charming transformation from the basic bar or square bar pull. Available in extended pull lengths, this collection accents any modern or transitional design scheme with its clean lines and unique presence.

## HARMONIC

Gibson, with its clean, casual lines, brings an effortless, harmonic vibe to any contemporary or transitional space. Two sizes of a coordinating smooth and simplistic knob pair melodiously with its multiple cabinet pull lengths. The standard pull features soft outer curves and straight lines that flow into cylindrical feet producing an easy-going feel. This closed-end bar pull collection is a crowd-pleaser.

## FUN

Hadly has quickly flourished into a crowd favorite with its fun and lively square silhouette. The clean lines, softened curves, strikingly sculpted flared feet, and variety of lengths and finishes of this knob and pull combination blend seamlessly with contemporary or transitional spaces.

### *Design Idea*

Black and gold accents add so much personality to a predominantly white space. Don't be afraid to pair matte black hardware with gold accents to add pizzazz to any kitchen or bath.

## SUBTLE

A subtle reflection of a warded lock key, Knox pairs leading lines and intentional curves for a simple yet distinctive look. This closed-ended bar pull series offers a generous 1" hand clearance for an aesthetically pleasing option for aging in place and ADA projects.

### *Design Idea*

When choosing hardware, think about how often the drawers or doors are used, as well as who the user is. Longer pulls and pulls with a larger hand clearance are easier to grab, especially for users with limited hand mobility.

## CASUAL

A slightly round strap sitting atop the rounded feet of Thatcher creates a casual, easy-going vibe. A matching T-knob combined with extended lengths and top trending finishes make this collection the perfect match for any style of cabinets.

### *Design Idea*

For kitchens with two-tone cabinets, using the same hardware throughout is a reliable choice that ties everything together flawlessly.

## SCULPTED

William embodies bold modernistic design, captivating all with its intricately sculpted yet soft geometric form. It offers four pull lengths and a coordinating knob in seven stunning finishes. The collection's angular facets effortlessly infuse a subtle hint of contemporary flair to any cabinet or furniture piece it adorns. Embracing the core of the modernist spirit, William creates an ambiance beyond the ordinary.

## Use the “one third” rule to select pull length for cabinets and drawers

You’ve picked beautiful pulls for the new kitchen cabinets. Now how do you decide what pull length looks best? And is it OK to use more than one length of pull on the cabinets?

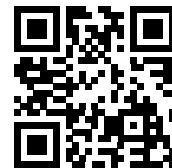

Cabinet knobs are fine, and often used. Cabinet pulls give a sleek visually appealing look to cabinet doors and drawers. What usually looks best is a pull length that is about 1/3 the height of the cabinet door and 1/3 the width of the cabinet drawer. Your eyes follow the length of the pull up the height of the door or across the width of the drawer.

Pulls don’t have to all be the same length as long as the pull design is the same. Use a long pull for tall cabinets and wide drawers, and use a medium length pull for shorter cabinets and narrower drawers.

### Use these quick tips:

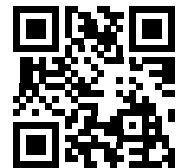

- Longer pulls give cabinet doors a sleek look
- Pull lengths that are about 1/3 the height of the cabinet doors usually looks best
- On wide drawers, longer pulls about 1/3 the width of the drawer usually look best

@JeffreyAlexanderBrands

All brushed, antique, and distressed finishes are created by hand to add texture to the item. We hold a tight range of acceptance for color variation, however, a slight variance in the texture and tone of these items can occur. We consider these variances to be minimal; slight variations are normal.

For best results, use water and a mild soap with a soft cloth. Avoid glass cleaners, general kitchen/bathroom cleaners and other abrasive cleansers, as those cleaners could damage the finish.

### ***Soap & Water Method:***

1. Fill a bowl or sink with warm water and add a squirt of dishwashing liquid or olive-based soap. Swish the water around with your hand to make suds.
2. Dip a rag into the soapy water and wring it out.
3. Wipe the cabinet hardware with the soapy rag. For tough grime, dip a soft toothbrush into the soapy water and scrub gently.
4. Rinse the rag, wring it out, and wipe the cabinet hardware to remove the soap residue.
5. Buff the hardware with a dry chamois cloth to polish and shine it.

### ***Vinegar Method***

1. For tougher cleaning, use a solution of one part white vinegar to one part water.
2. Moisten a rag with the vinegar solution.
3. Wipe the hardware with the rag. If the rag becomes dirty, rinse the rag with water and remoisten with the vinegar solution.
4. Buff the hardware with a dry chamois cloth for a nice polish and sheen.

To reduce damage to both cabinets and hardware, use a screwdriver to hand tighten the screws to a knob or pull. Do not use a power drill or impact driver. The use of a power drill/impact driver can easily strip screw heads and overtighten hardware, causing damage to the cabinet door or drawer front.

## **Product Warranty**

Hardware Resources believes in quality, integrity, and reliability. We uphold the highest standards of service and responsibility in the industry.

As such, Hardware Resources warrants all decorative cabinet hardware products against defects in material and workmanship as long as the original consumer purchaser owns the products, if the original consumer purchased the products from an authorized distributor of Hardware Resources. Hardware Resources cannot guarantee the quality or condition of products from distributors who do not agree to meet our high standards, and therefore, no warranty is provided for products from unauthorized sellers.

If the finish of any of these items tarnishes, corrodes, rusts, begins to chip or rub off or has any other defect, Hardware Resources will send to the original purchaser, a new replacement product of the same or comparable style and quality at no charge. If a replacement is no longer available, Hardware Resources will refund to the original purchaser, the current wholesale value of the knob or pull.

This warranty is a warranty of replacement only. Hardware Resources specifically does not warrant removal of the product nor installation of replacement new product. This warranty does not apply when the item has been tampered with, misused, improperly installed, altered from the original form, or damaged through improper cleaning, abuse or accident.

All brushed and machined finishes are created by hand to add texture to the item. We hold a tight range of acceptance for color variation, however, a slight variance in the texture and tone of these items can occur. We consider these variances to be minimal and are not considered a defect in the product.

In the unlikely event that a defective decorative cabinet hardware item is encountered, please contact Customer Service at 800.463.0660. Please be able to provide a brief description and photographs of the defect.
