

SURVEY CREW CHIEF

ABOUT ENVISION GEO

At Envision Geo, we're redefining what a modern geomatics firm can be. Built on precision, driven by technology, and powered by great people, we deliver high-quality survey solutions that shape the communities and infrastructure of tomorrow.

We're growing with purpose — investing in our team, embracing innovation, and building lasting client partnerships. If you're looking for a place where your expertise is valued and your impact is visible, Envision Geo is where you can help lead the way.

WHAT WE ARE LOOKING FOR

We are looking for dedicated Survey Crew Chiefs to join us in our mission to provide top-tier surveying services to our clients. If you are a skilled professional with a knack for precision and leadership, we would love to hear from you!

JOB OVERVIEW

We are seeking an experienced Survey Crew Chief to lead field survey operations, ensuring accuracy, efficiency, and safety. You'll oversee a survey crew, manage equipment, and deliver high-quality data for a variety of projects, including land development, construction, and infrastructure. This role requires strong technical expertise, excellent communication skills, and a commitment to excellence.

LOCATION

Peace River, Alberta. 10 days on/4 days off. Accommodations and meal allowance provided.

KEY RESPONSIBILITIES

- Lead and supervise a survey crew in the field, ensuring all tasks are completed accurately and on schedule.
- Conduct topographic, boundary, and construction surveys using advanced equipment (e.g., GPS, total stations, and UAV/drones).
- Plan and coordinate daily survey activities, including preparing field notes, sketches, and data collection.
- Ensure compliance with all safety regulations and company standards.
- Collaborate with project managers, engineers, and clients to meet project requirements.
- Maintain and calibrate survey equipment to ensure optimal performance.
- Process and analyze survey data, providing detailed reports and deliverables.

QUALIFICATIONS

- 3+ years of experience as a Survey Crew Chief or in a similar role.
- Proficiency with survey equipment, including GPS, total stations, and data collectors.
- Strong knowledge of surveying principles, techniques, and best practices.
- Ability to read and interpret construction plans, blueprints, and legal descriptions.
- Excellent leadership and team management skills.
- Valid driver's license and willingness to travel to project sites as needed.
- Proficiency in survey software (e.g., AutoCAD, Civil 3D) is a plus.

WHAT WE OFFER

- Company paid competitive salary and benefits package.
- Opportunities for professional growth and development.
- A collaborative and innovative work environment.
- The chance to work on diverse and impactful projects.
