22-Piece COOKING SYSTEM

**TRIVET & CRADLE**

Get more out of your pan lids with our elegant trivet and cradle features. All Nutri-Stahl lids can be removed and placed underneath your pan as a trivet to keep food warm longer and table surfaces safe. And, they can be cradled within the cookware handle to leave your hands free for easier cooking and serving, too.

**STACK COOKING**

Maximize your energy and stovetop space with our stackable cookware. The secret is our Nutri-thermic Base that picks up heat at a low temp and quickly distributes it evenly so you can cook several units on one burner. Cook pasta, veggies and meat all in one swoop! The savings are endless.

**TEMPALERT KNOB**

**THE GREEN ZONE IS THE PERFECT ZONE.**

Each lid in our cookware set comes with a visual indicator allowing you to monitor the ideal temperature inside the unit. By cooking in the proper temperature using our waterless system, you retain more of the vitamins, minerals, nutrients and flavor in your vegetables. Plus, enjoy less food shrinkage cooking at the proper temperature!

**ENERGY EFFICIENT**

Our 24 element stainless steel composition provides quick and easy heat distribution. All cookware is engineered to cook on lower heat, which greatly increases energy efficiency and lowers your monthly energy bill. Each cookware body boasts a Vapor Lock Seal technology that acts as a semi-vacuum to ensure that once the energy is created to cook your food it is not lost.
