FUN FACTS...DID YOU KNOW???

- There are nearly 900-million oil changes annually!
- The year 1922 witnessed the first gas gauge!
- The first cars used a lever as a steering wheel - leading to the idea of 'joy sticks' used to play a race car game on gaming consoles.
- The invention of tires in 1911 by Philip Strauss took the design of bicycle tires - simply an inner tube inflated to offer a firm base for its outer rubber shell.
- The idea of modern brake lights in rear windows came from Elizabeth Dole - yep, a female!
- Windshield wipers were invented by Mary Anderson in 1903 – yep, another female...let's thank her for the creation of an important aspect of car maintenance.
- The word "tune-up" was coined by Henry Ford - now associated with the replacement of spark plugs and any idle problems linked to running the engine.
