## OUR SUSTAINABILITY MISSION

# WE ARE GREEN AND BECOMING GREENER!

Pollution caused by plastic, micro-beads and ghost fishing nets are harming whales, sea turtles, dolphins and other marine life.

At Zoggs we are taking action, we're on a mission to reduce our impact as a business on the environment.

From greener packaging and reduction of single use plastics, to recycled fabrics made from plastic bottles, and supporting various environmental causes, we believe in doing everything we can to preserve our planet for the future.

Our ambition is to become a greener more eco conscious brand as part of the war on plastic.
